

# After 327 years we're still making history.

**The largest renovation in the history of the Bay is opening next week.** That's right. From Scarborough to Burlington, we're putting **a beautiful new face** on **Square One, Bloor & Yonge, Bramalea, Sherway, Markville, Mapleview, Erin Mills, Fairview and Oakville.** Besides widening the aisles to make it easier for you to get where you're going, we'll be improving the floor and wall finishes to make them more appealing, and adding new fixtures to make your shopping experience even better. But **that's just the beginning.**

We understand that it's what's inside that counts. So get ready for our all **new fashion departments.** We'll have all the names, all the looks, and all the selection you could ever hope for. Over the next little while we'll be making quite a mess, so while we make dust, you'll clean up. That's right. **Incredible renovation deals** will be found **at all Bay** stores. It's our way of saying thanks for being a Bay customer during this new and **exciting time of change.** Bringing Canadians what they want. That's what we've been doing **for 327 years.**
