

Public to have say in Secondary Plan

COUNCIL

Members of the public will take part in a committee to help design a Secondary Plan for Vandorf and Preston Lake if local council agrees.

Tonight, members of the Vandorf Ratepayers' Association and the Preston Lake Association expect to learn that residents of their communities will be invited to play a role in establishing a new plan for the area.

A Secondary Plan helps local government decide what goes where when dealing with planning matters.

Also tonight, Whitchurch-Stouffville Council will receive the \$300,000 Secondary Plan study of the downtown core. The process involved a 10-member committee which included six citizens.
