No job too small for craftsmen from Handyman Connection

With the holidays fast approaching, homeowners don't have the time to do all the small jobs that need to be completed before their home fills up with holiday guests.

"Most homeowners don't have the time, tools or talent to do home repairs," said Alex Lloy, franchise owner of Handyman Connection in Richmond Hill.

Which is where skilled craftsmen from Canada's small job specialists come in.

Serving York Region, craftsmen are able to provide a number of services including interior and exterior painting, fixing leaking facets, remodeling bathrooms, rough and finished carpentry, electrical and plumbing work, window and door installation, ceramics, floor covering, drywall installation and repair, installing toilets and fixtures, caulking and more.

And they are able to complete every job efficiently, but with quality workmanship at competitive prices, said Lloy.

The experienced craftsmen - who have, on average, 25 years of experience - work by the job not by the hour, so homeowners know what their repair will cost before any work is begun.

And homeowners save more money by purchasing any needed supplies themselves.

By choosing the quality that is right for

them, homeowners are assured that there isn't a markup.

But if people aren't confident about purchasing, the craftsmen at Handyman Connection will help the homeowner purchase the best materials for the job.

Quality workmanship, fast

Free estimates or service calls by the craftsman include a full evaluation and a written estimate for the work to be done.

"We respect the homeowners busy schedule, by being on time for scheduled appointments. ... Often the same craftsman can look after a number of different needs within the home."

And although the craftsmen work fast, quality workmanship never suffers.

"We have a number of experienced craftsmen who provide quality customer service and are ready on short notice."

But that's not all that the fully-insured company offers.

The homeowner calls the office, they deal with a real person.

"We are available to discuss the homeowners' needs ... so we can ensure the right person comes out to do the work."
