RRSPs & RRIFs

If you were born in 1926, 1927 or 1928 your RRSPs must be collapsed by Dec. 31, 1997. There are many options available to you; so don't just buy a RRIF. Together we can create a **comprehensive** retirement plan or review your existing plan and show you

- ▷ how to optimize your RRSP assets into a secure retirement income stream
- ▷ an Estate Bond to pass your RRIF assets to your heirs not Revenue Canada
- ▷ properly allocate your retirement assets to achieve your desired return
- ▷ an Estate Multiplier to increase your surviving spouse's net income
- ▷ how to shelter surplus retirement income from further taxation
- ▷ methods to increase your after-tax retirement income
- ▷ alleviate the OAS clawback

Call for a complimentary appointment today.

WHERE HAS ALL THE MONEY GONE?

Teachers Pay Debt While YRRCSSB Builds Reserves and Cuts Programs
Over the last 3 years, YRRCSSB has been raising taxes. Firstly, by 7% and then by 3% in each succeeding year. This, while building up their Reserve Fund for their Administrative Building.
THIS IS NOT FAIR!

York Region Separate School Board raises your taxes each year as it runs a \$3 to \$4 million budget surplus each year.
THIS IS NOT FAIR!

York Region Separate School Board is penalizing their teachers due to poorly managed funds.
THIS IS NOT FAIR!

York Region Separate School Board fails to plan for increment restoration. ALL other Boards in Ontario have planned for and restored increment.
THIS IS NOT FAIR!

Failure to restore increment, once again, penalizes young teachers.
THIS IS NOT FAIR!

A Message from the York Catholic Teachers
