

NEWS FLASH EXTRA, EXTRA READ ALL ABOUT IT.

STOUFFVILLE CHRYSLER'S SELLING THEIR FAMILY

All of York Region knows, Stouffville Chrysler has been selling unprecedented numbers of vehicles due to their astounding cash discount policy. Well, the owners blew it. What we didn't count on was so many people making us adopt their family car as part of their cash down payment. Our bank manager was mad anyway because of all the cash going out, now he's really upset because we have too much used vehicle inventory ... you can't win. We have to sell the kids.

Russ and I need your help to dispose of \$600,000 worth of reconditioned used cars quick ... they're family, but they have to go. We don't want to just throw them out of the house, so please come and buy a used car or truck this weekend to help them get new homes before the cold gets them. We could WHOLESALE them to other dealers but our sales people need to earn a living and we would rather sell them to you at a price close to WHOLESALE. Just leave us enough to pay the staff.

Stouffville Bank Manager says sell the kids!

NO ADOPTION COSTS UNTIL FEBRUARY 1998

We know how hard it is to come up with cash, believe us we do. We want to help ... we'll sell the car, truck or van of your choice at the sale prices below and you won't have to pay for any of them for 90 days because we trust you and we only want to see them go to good homes. We spoke to our bank manager and grudgingly he agreed to wait for the money as long as we don't print his picture in the paper again.

As long as you have satisfactory credit history, you can have one of our family now and you don't have to pay for him or her until February, 1998. What a relief. If you have been exceptionally good you don't even have to pay the taxes til then either. When was the last time someone trusted you to drive away with one of their kids and pay later?

Every one of our children is reconditioned, certified and has at least a six month power train warranty included in the sale price. These vehicles are like family to us. We babied them, cleaned them and fed them and now they have to be weaned. They all have their own special names, so if you are calling about one of them or coming to see one of them ... ask for them by name.

Drive these kids away today and don't pay till February 1998

George ... A 1996 Dodge Ram 2500 Series SLT. George is just perfect and eager to work. He doesn't drink much and was only married once. \$26,900 takes him home and you don't have to pay for George for 90 days.

Buster ... A 1995 Ford 2500 stretch cargo van. Buster has lived under strict discipline all his life and is therefore a magnificent specimen. Buster wants to go someplace he can work his butt off and get gassed once a week. \$18,350 takes Buster to work.

Gizzelle ... Very nice lady. Gizzelle is a Dodge Caravan with lots of nice ribbons and bows. She has soft green skin and even a special place for children to sit. (Child safety seats) She hasn't gone far and was only recently divorced. Gizzelle is available for only \$17,995 and she finds haggling very stressful.

Hank ... 1995 Jeep Cherokee Laredo that just can't stay home. Hank is pure silver and wants a new driver to get some exercise. He has all his marbles and very low kms. At \$26,995 Hank is a steal.

Iceman ... This is Iceman, a 1994 Chevy Astro Cargo Van that is equipped as a freezer truck. Iceman doesn't say much and prefers to operate alone. His perfect white

outer casing is well preserved and the kms are low. For \$12,500 this is a cool deal. Iceman is hot in the front and has a cool behind.

Raoul ... Spunky little Raoul has been a family member too long and has become a spoiled brat. To punish him we are sending him away for only \$6,200. Raoul is a 1994 Hyundai Scoupe who thinks he's a Hemu Cuda.

Casper ... This ghostly '91 Honda Accord EXR sedan is pure as the driven snow and has everything your heart can desire. Casper shifts by himself. Only recently separated from a lifetime relationship, Casper is feeling a little left out and is eager to get back in the race. Take Casper home for only \$11,500. Boo.

Spike ... Spike refuses to leave the corral. As a '94 Taurus wagon with all his horns and hooves, he's full of bull. He figures he can stay with his harem forever. We want to get rid of Spike. Please come and get Spike for under \$11,000. You can have a great load of bull.

Barbara ... We call her Barbara because she is so refined. Babs is a great lady in the finest tradition. A 1992 New Yorker, Babs is a little stuffy perhaps but then she has been used to the good life. Babs has kept herself well and

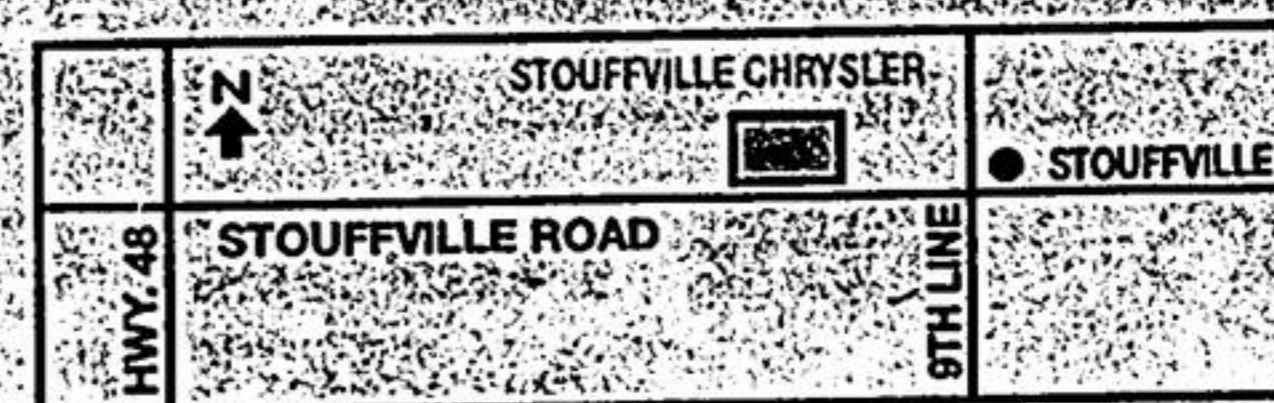

has only been in one relationship (as far as we know). For \$9,200. Babs is a prime investment.

Harry ... Harry was born in 1992 as a Tempo GL sedan and has been a going concern ever since. Owned by a local family, Harry has really been attended to with loving care. Harry used to escape at night, however, and put a lot of kms on his dash sowing his wild oats. Now Harry is going to be sold cheaply for only \$4,200. That will teach him.

Olive ... Olive really wanted to be a Sports car but ended up as a 1995 Grand Am. She is really frustrated so we promised to sell her to a sports minded family. With lots of electric options and aluminum wheels and stuff, Olive is a thoroughbred in drag. Please buy Olive for \$12,500 and pay for her next year.

Edgar ... The only '95 Intrepid ES named Edgar, he is proud of his shape and even prouder of his low kms and handsome wildberry colour. Edgar is a very eligible bachelor and one of our favourite people. He will be a great comfort to an available lady with \$14,700 to spend. You can have him now and pay later, ladies.

We have other children available for adoption but some are shy and some we haven't advertised because we'll be sad to see them go for such low adoption fees. These adopting conditions apply only until November 19.
