

Our Sincerest Thank You

**To all the parents, students, unions, businesses
and concerned citizens who supported us
during our political protest**

We are returning to our classrooms to do what we do best -- teach our students.

But our educational system is still being threatened by Bill 160.

Bill 160 will allow the government to slash up to \$1 billion dollars from Ontario's educational system. Local control over education will shift to the provincial cabinet, programs will be lost, up to 10,000 teachers will be let go, and our students will suffer.

Bill 160 will not improve education.

We need your support now more than ever.

**You can still help stop Bill 160. Call Education Minister Dave Johnson at
(416) 325-2600 or fax him at (416) 325-2608 or call your local MPP --
for the sake of our students.**
