### The Teachers of York Region

thank all parents, students, local businesses and concerned citizens who supported us during our recent political protest.

Our members have returned to their classrooms to continue to work with their students and provide the quality education that we believe certified, professionally responsible teachers do best.

We believe that Bill 160 is a threat to public education. It gives the funding control to the provincial government. It removes local control of programs and funding which will meet the needs of all students in each community.

Bill 160 does not improve the quality of education.
