Spirit of Christmas

Create your own snow this year

Do you like the look of freshly fallen snow? Now there is an easy way to decorate wreaths, windows and Christmas trees with the look of fresh snow! It's easy, and all you need is a box of laundry soap.

Begin by mixing the soap and water together with an electric or rotary beater. The mixture should be the consistency of meringue or whipped cream. Continue to add soap or water as needed. If you're making snowballs or figures, the mixture should be dense.

greens. Drape handfuls of the snow on each branch. For a lighter snowfall, flick the soap on using a whisk or long-bristled brush.

The last step is to sprinkle the mixture with dry soap flakes. This gives your decorations the fluffy white look you want. Let your decoration dry at least 90 minutes before moving.

After the mixture is complete, you can apply the snow to trees or other
