Vast knowledge available at Red Ocean Aqua Inc.

There is nothing more relaxing than sitting in front of an aquarium and enjoying the beautiful and serene underwater world.

Most people are fascinated by the graceful movements, sizes, shapes and colours of goldfish, tropical and especially marine fish.

Fish keeping is a great hobby," said Jason Ling, owner of Red Ocean Aqua Shop.

Aquariums teach people about responsibly, biology, nature and science.

Setting up an aquarium can also help bring out people's creative side as they try to create an eco-system that is not only beautiful, but also functional.

Located at 8380 Kennedy Rd., the store specializes in goldfish, koi, tropical and marine fish.

There are a number of display tanks set up in the store to show customers what they can accomplish with their own tanks.

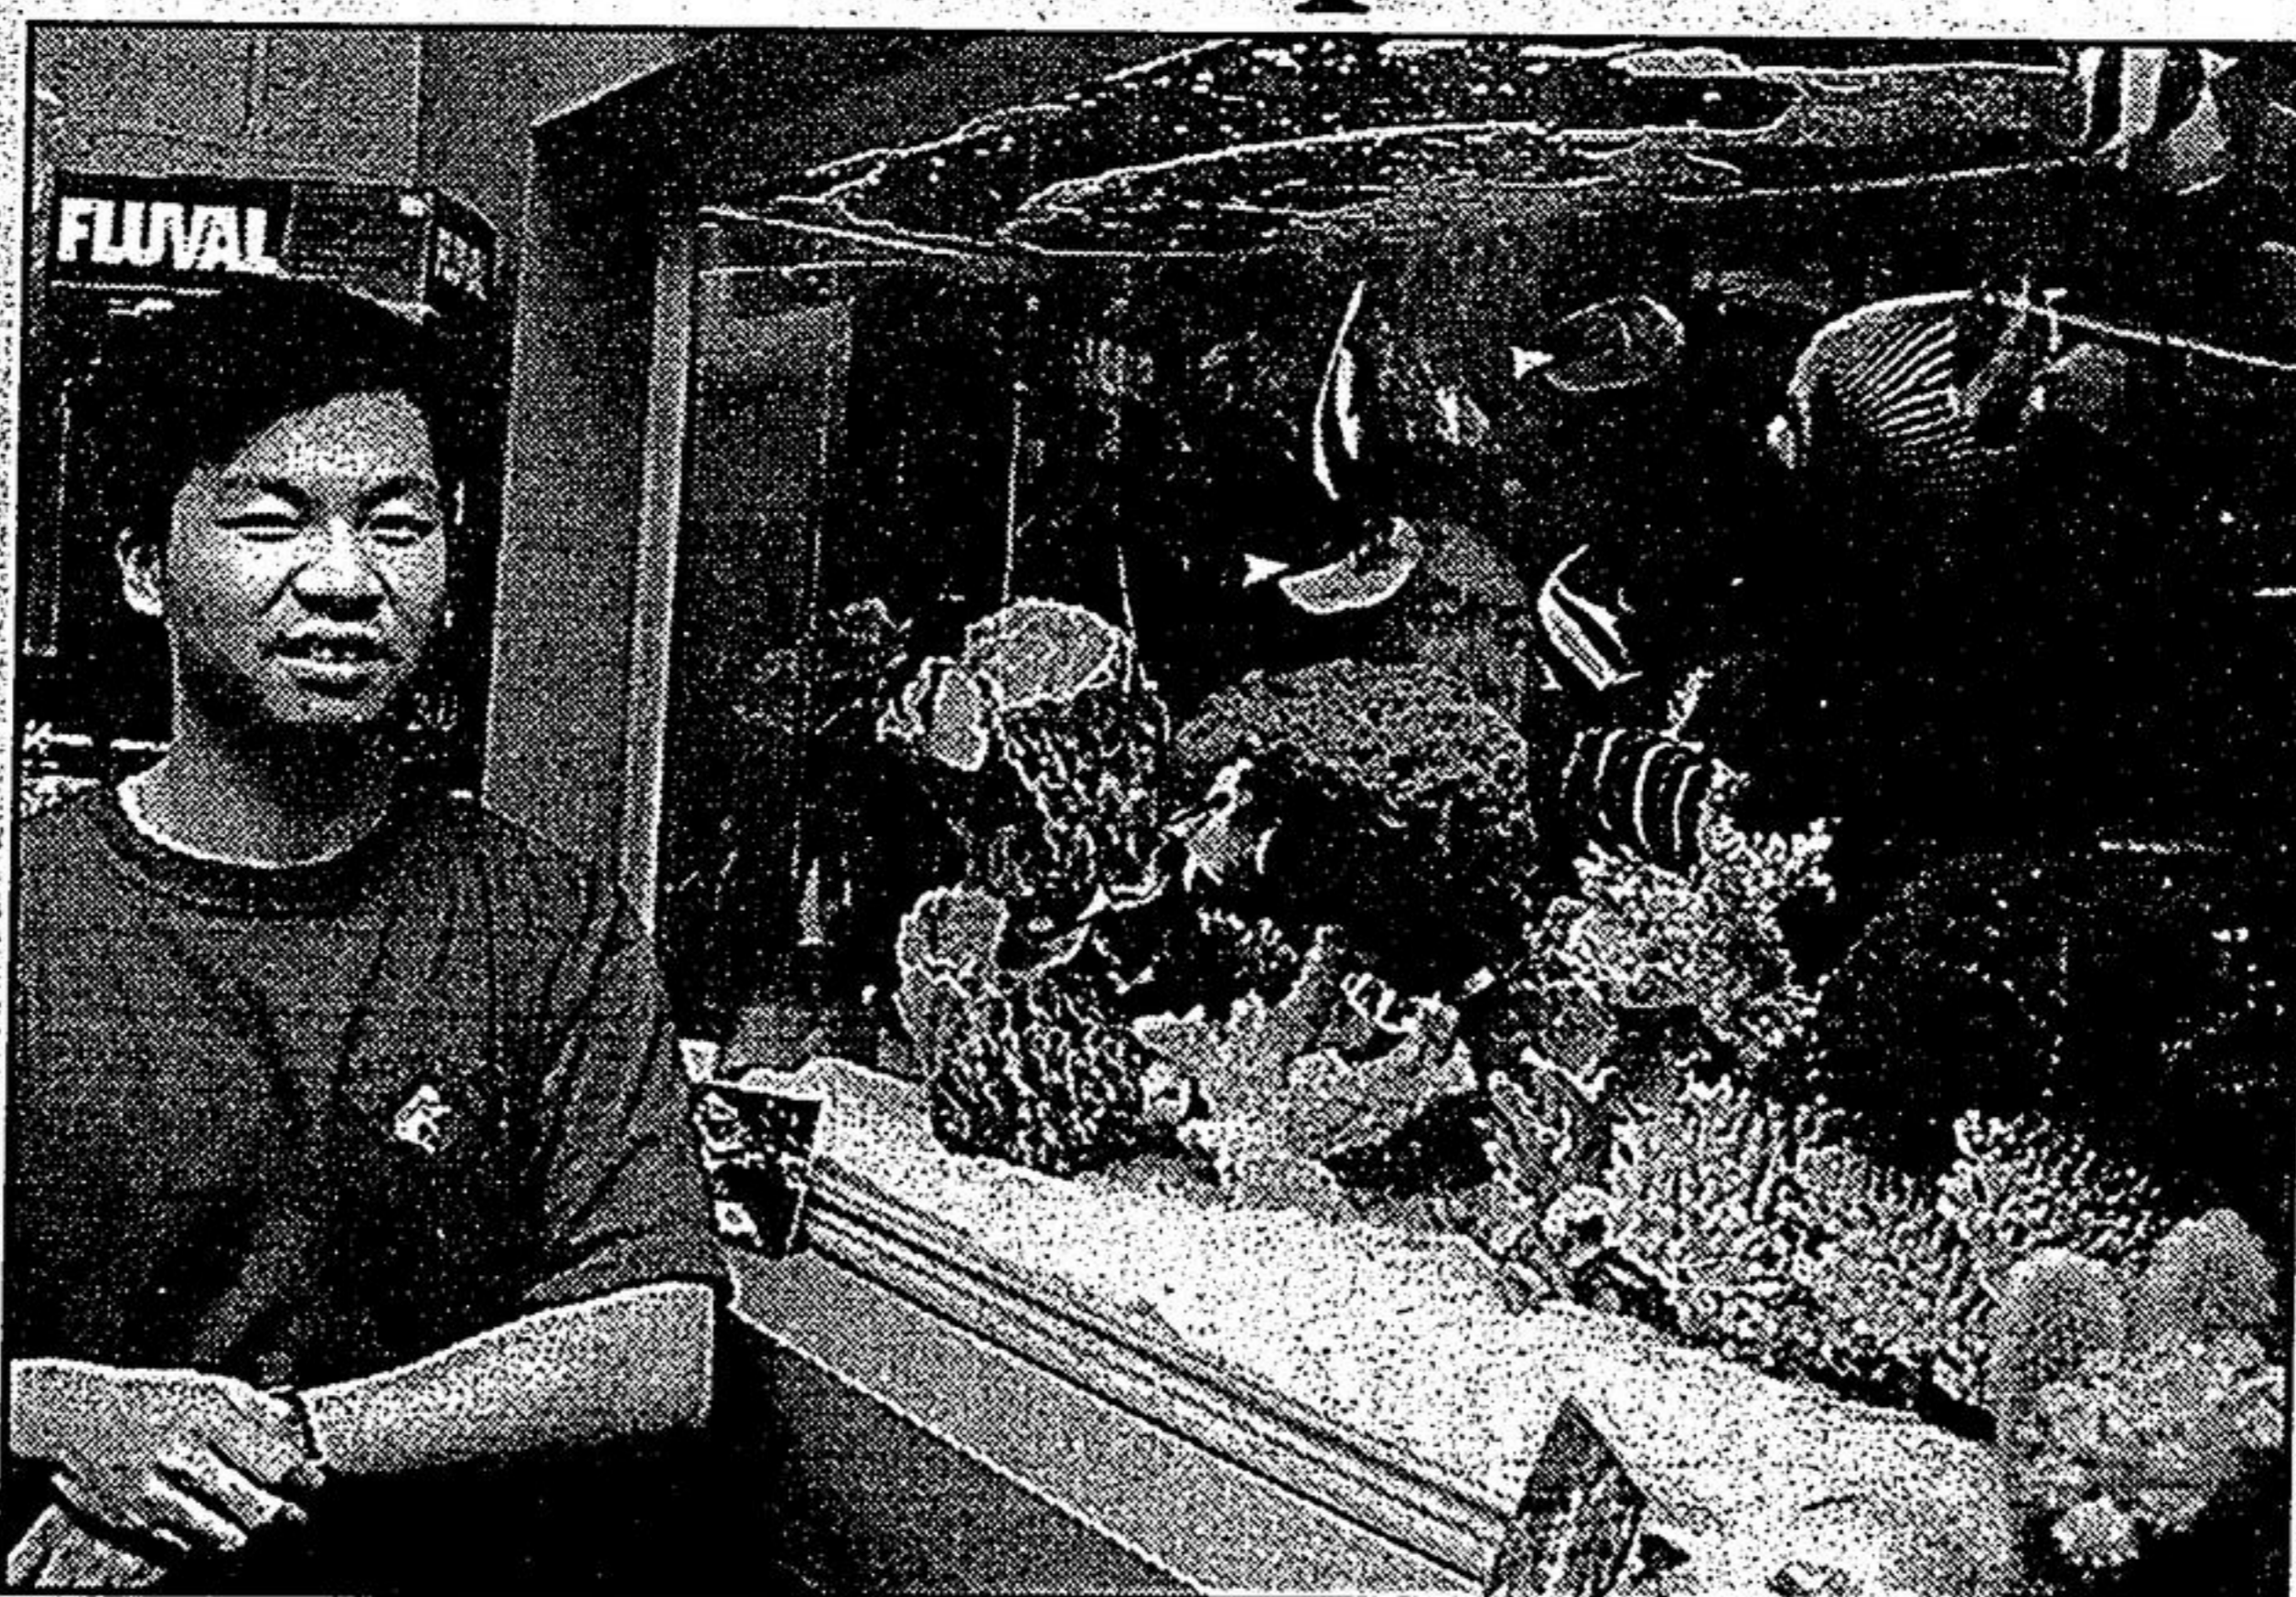

Bringing his vast knowledge of fish and their habitat to his business, Jason is able to answer any question that his customers have and what he can't answer, he can find out.

"It's not just a job, it's a hobby." And because Jason wants people to get as much enjoyment out of fish keeping as he does, he goes out of his way to make sure people will only purchase healthy fish.

Jason handpicks each of the fish that are in his store.

With marine fish, he will go to the wholesaler and observe the fish to make sure they are eating and in good form and colour.

Fish aren't the only thing Red Ocean carries, they also have a great selection of live coral, plants and feeders as well as a variety of

aquarium accessories such as pumps, filters, tanks, lights, pebbles and more.

"It's a very relaxing atmosphere, come in and browse around."

Jason also encourages people to drop by and discuss fish keeping or any problems that might occur.

Customers are also welcome to browse through a few of the store's reference books.

And for regular customers, Red Ocean provides a hospital service for sick fish.

For \$5, Jason will feed and medicate the fish for up to 10 days. While there is no guarantee the fish will survive, chances are improved.

Recent studies have linked the reduction of stress to watching an aquarium. To accommodate people who enjoy the beauty of an aquarium, but not the work associated with it, Red Ocean sets up and maintains aquariums.

For details call 305-6736 or stop by 8380 Kennedy Rd, Peachtree Centre Unit C-18. Red Ocean is open from noon to 7 pm Tuesday to Sundays and Mondays from 3 pm to 7.
