| | 92 Marilu of "Taxi" | | |
| | 93 Socked away | | |

MARKHAM HYDRO OFFERS A WELCOME DROP WITH A 2.27% AVERAGE RATE DECREASE EFFECTIVE JANUARY 1ST 1998

This decrease, which is the 3rd in the last 5 years, means that an average customer consuming 1000 kWh per month will now pay \$4.45 per month less in 1998 than in 1993. As a matter of fact, this same customer would see a drop in their annual electricity bill of over \$53 compared to 1993.

Improved efficiencies and continuous cost controls are fundamental reasons contributing toward our ability to keep rates down while maintaining our ranking as one of the top utilities at providing reliable power.

YOUR COMMUNITY OWNED POWER COMPANY

Local accountability and decision making allow us to work on your behalf with a system that sustains itself through hydro rates and not through taxes.

At Markham Hydro, we're doing everything in our power to keep hydro costs affordable!

8100 Warden Ave., P.O. Box 4100, Markham, Ontario L3R 8H7 (905) 477-3810
