Painting is an art for staff at Immaculate Painting Services

The arrival of spring often brings the desire for change - something easily accomplished by a few coats of paint.

While a room can have a new look in a few hours, painting is often a task that people don't have the time nor the patience to complete.

But at Immaculate Painting Service, the painters, (all of whom have over 20-years of experience) have both the time and the desire to do even the most difficult painting jobs, said Claudio Di Fede, who owns the second-generation company.

"The painters take pride in their work," said Di Fede.

The painters at the company which is known for quality residential and commercial painting are able to complete any job - big or small.

Using high-quality Benjamin Moore paints, the painters do specialized techniques such as sponging and marbling. They also do textured ceiling spray, exterior painting, decorating, weather proofing decks and more.

"Some people call it painting, but at Immaculate, we call it art."

Immaculate Painting Services provides free estimates for people interested in having work completed.

Di Fede said prices are reasonable considering the quality of work the painters provide and customer satisfaction is always guaranteed.

For details contact Claudio at 905-472-3881 or 1-888-917-7077.

Everyone can enjoy making a quality bottle of wine

Nothing is more relaxing than a nice glass of wine after a long day. And the wine seems to taste that much better when people make it themselves.

Not only is making wine enjoyable, the end result is also rewarding, said John Arthurs, owner of Wine-Art Inc.

"The wines look and taste as good as commercial wines."

Wine-Art offers over 40 variety of people's favourite red and white wines.

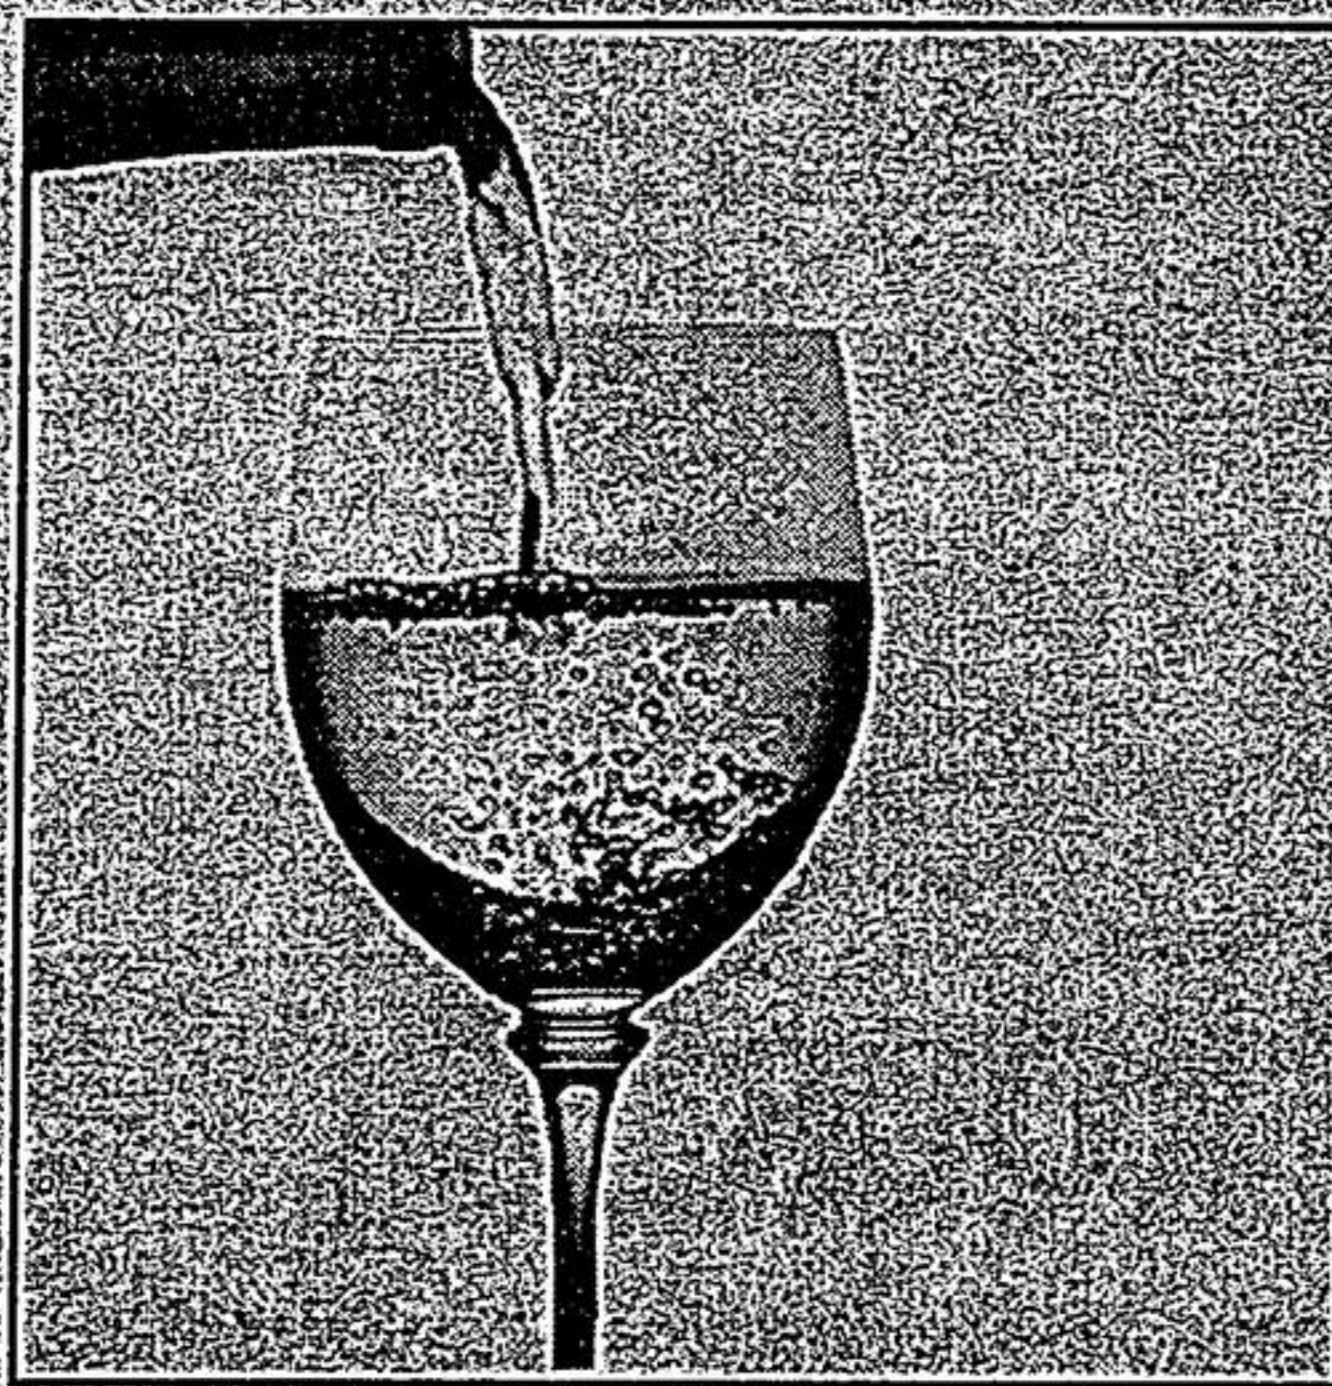

Wine-Art Inc. was started in 1959 by Arthurs' father and a friend. The two opened the first store in Vancouver, and now there are 26 retail stores across the country and over 1,000 dealers worldwide. The head office is located in Markham.

People have two options at Wine-Art. They can either purchase a starter kit (which includes the equipment and an ingredient kit) to make the wine at home or they can purchase the ingredient kit and let the store do the work.

Both ways are economical, said Arthurs. An average bottle of wine at the liquor store costs approximately \$10. When people make the wine at home (each package makes 30, 750 ml bottles of wine) it costs approximately \$1.75 a bottle. When people make it at the store, each bottle costs about \$3.10.

In both cases, the end result is totally guaranteed. If people are not completely satisfied, they can get a new batch for free or their money refunded.

Wine-Art can guarantee their product because they import the grape concentrates directly from some of the world's best wine growers. Their concentrates come from as far

Everyone - from women to seniors - are getting into the activity of winemaking.

away as Australia, France and Italy.

Once they receive the concentrates, Wine-Art packages it into the kits.

"We are involved with the whole process. We know every grower, so we get a great product."

Wine-Art Inc. is located at 55 Clegg St. (near Hwy. 7 and Warden).

For details call 477-2916.

The store is open Monday to Friday, from 9 a.m. to 6 p.m., Saturday from 9 a.m. to 5 p.m. and Sunday from noon to 4 p.m.
