PCs hold annual meeting

JOAN RANSBERRY
Staff Reporter

The 800 members of the Oak Ridges Progressive Conservative Riding Association are being reminded to attend a very important meeting on April 27, beginning at 7 p.m.

The local PC riding association's annual meeting will be held in the Richmond Hill Lion's Club Hall at 106 Centre Street, East, Richmond Hill.

One of the top items on the agenda will be selecting delegates for the federal PC leadership convention.

Who will lead the federal Tories is a question being asked across Canada, including here in Stouffville.

Two weeks ago, Stouffville PCs wished former leader Jean Charest the best of luck in his new role as leader of the Quebec Liberals.

Stouffville Tory Ken Prentice said there's a great deal of interest in the leadership race. "As well, the grass roots level of the party is healthy," said Prentice. "The April 27 meeting is very important. We expect a good turnout," he said.

Harris 'misled' parents: MPP

Ontario Premier Mike Harris came to York last week to give the public a misleading message on classroom spending, accused Liberal education critic Lyn McLeod.

Harris taped a half-hour paid program — which aired this week — in Unionville's veterans association building in which he fielded questions from local parents on education reform.

"What the government wanted to do was put out a media spin that there were no cuts" in the Tory's new funding formula, McLeod said.

During the taping, which reporters watched through monitors, Harris told parents his government is giving schools three years of "stable funding," and has recovered \$600 million in savings from "educrats."

McLeod, Ontario's former Liberal leader, said the \$600 million is not only from school board administration, but also from teacher preparation time, adult education, school maintenance, and budgets for principals and vice-principals.

The Tories are spending more to cover growth, but will spend \$900 million less on the existing school system, she charged.

"The numbers are more camouflaged in an area of increasing enrolment," like York Region, she said. "If (Harris) had gone into a downtown Toronto school (to tape the program), he would not have survived."

Area school boards have not yet been able to judge effects of the new funding system, which includes many special grants.
