## Focus On Business

### Stepping Stone Landscaping creates designs that leave a lasting impression

The best recommendation a company can get is that from people who have used their services and were so happy that they would not hesitate to recommend the company to family, friends and neighbours.

That sort of praise is common from clients who discovered the experts at Stepping Stone Landscaping in Markham.

"Dear Mark, (Cooper, owner of Stepping Stone Landscaping) we are very pleased with our front walk and garden renovation and wanted to thank you formally for your creative design and quality workmanship.

Your punctuality, attention to detail, care to preserve our lawn and existing garden were greatly appreciated. We admired the way you and your staff built quality from the bottom up.

We also appreciated the respect you showed our neighbours' properties. Your continuous cleaning up made it safer and more pleasant for all concerned," said Andrea and Fraser McDonald of Aurora.

In the five years the company has been in existence, Cooper and his staff have been creating landscapes that leave a lasting impression.

"We go above and beyond all expectations," said Cooper who has been in the industry for the past 14 years.

Cooper and his staff take pride in all the work they do, from small front yard designs to extensive backyard landscapes.

Stepping Stone Landscaping quality and service in every step

"We use high-quality materials and proper construction procedures. We don't cut corners and it shows. We build our landscapes to stand the test of time."

Stepping Stone Landscaping provides quality and service every step of the way.

(Stepping Stone Landscaping) has done projects for both my company and for me personally. All the work completed by them was done in an efficient manner, when promised and within the agreed upon budget. Mark Cooper himself worked alongside his employees and was on the jobs at all times and available to discuss changes or problems when they occurred. I would not hesitate to recommend this company for any size of project," said John Jamieson, president of Unionville Motors.

## Vacmaster – not your typical vacuum store

Vacmaster isn't your typical vacuum store.

The Bullock Drive store offers customers a large showroom with a number of central and portable vacuum models, an extensive stockroom with accessories and parts for all vacuum cleaner models and a friendly and knowledgeable staff who can install, repair and answer any questions customers may have.

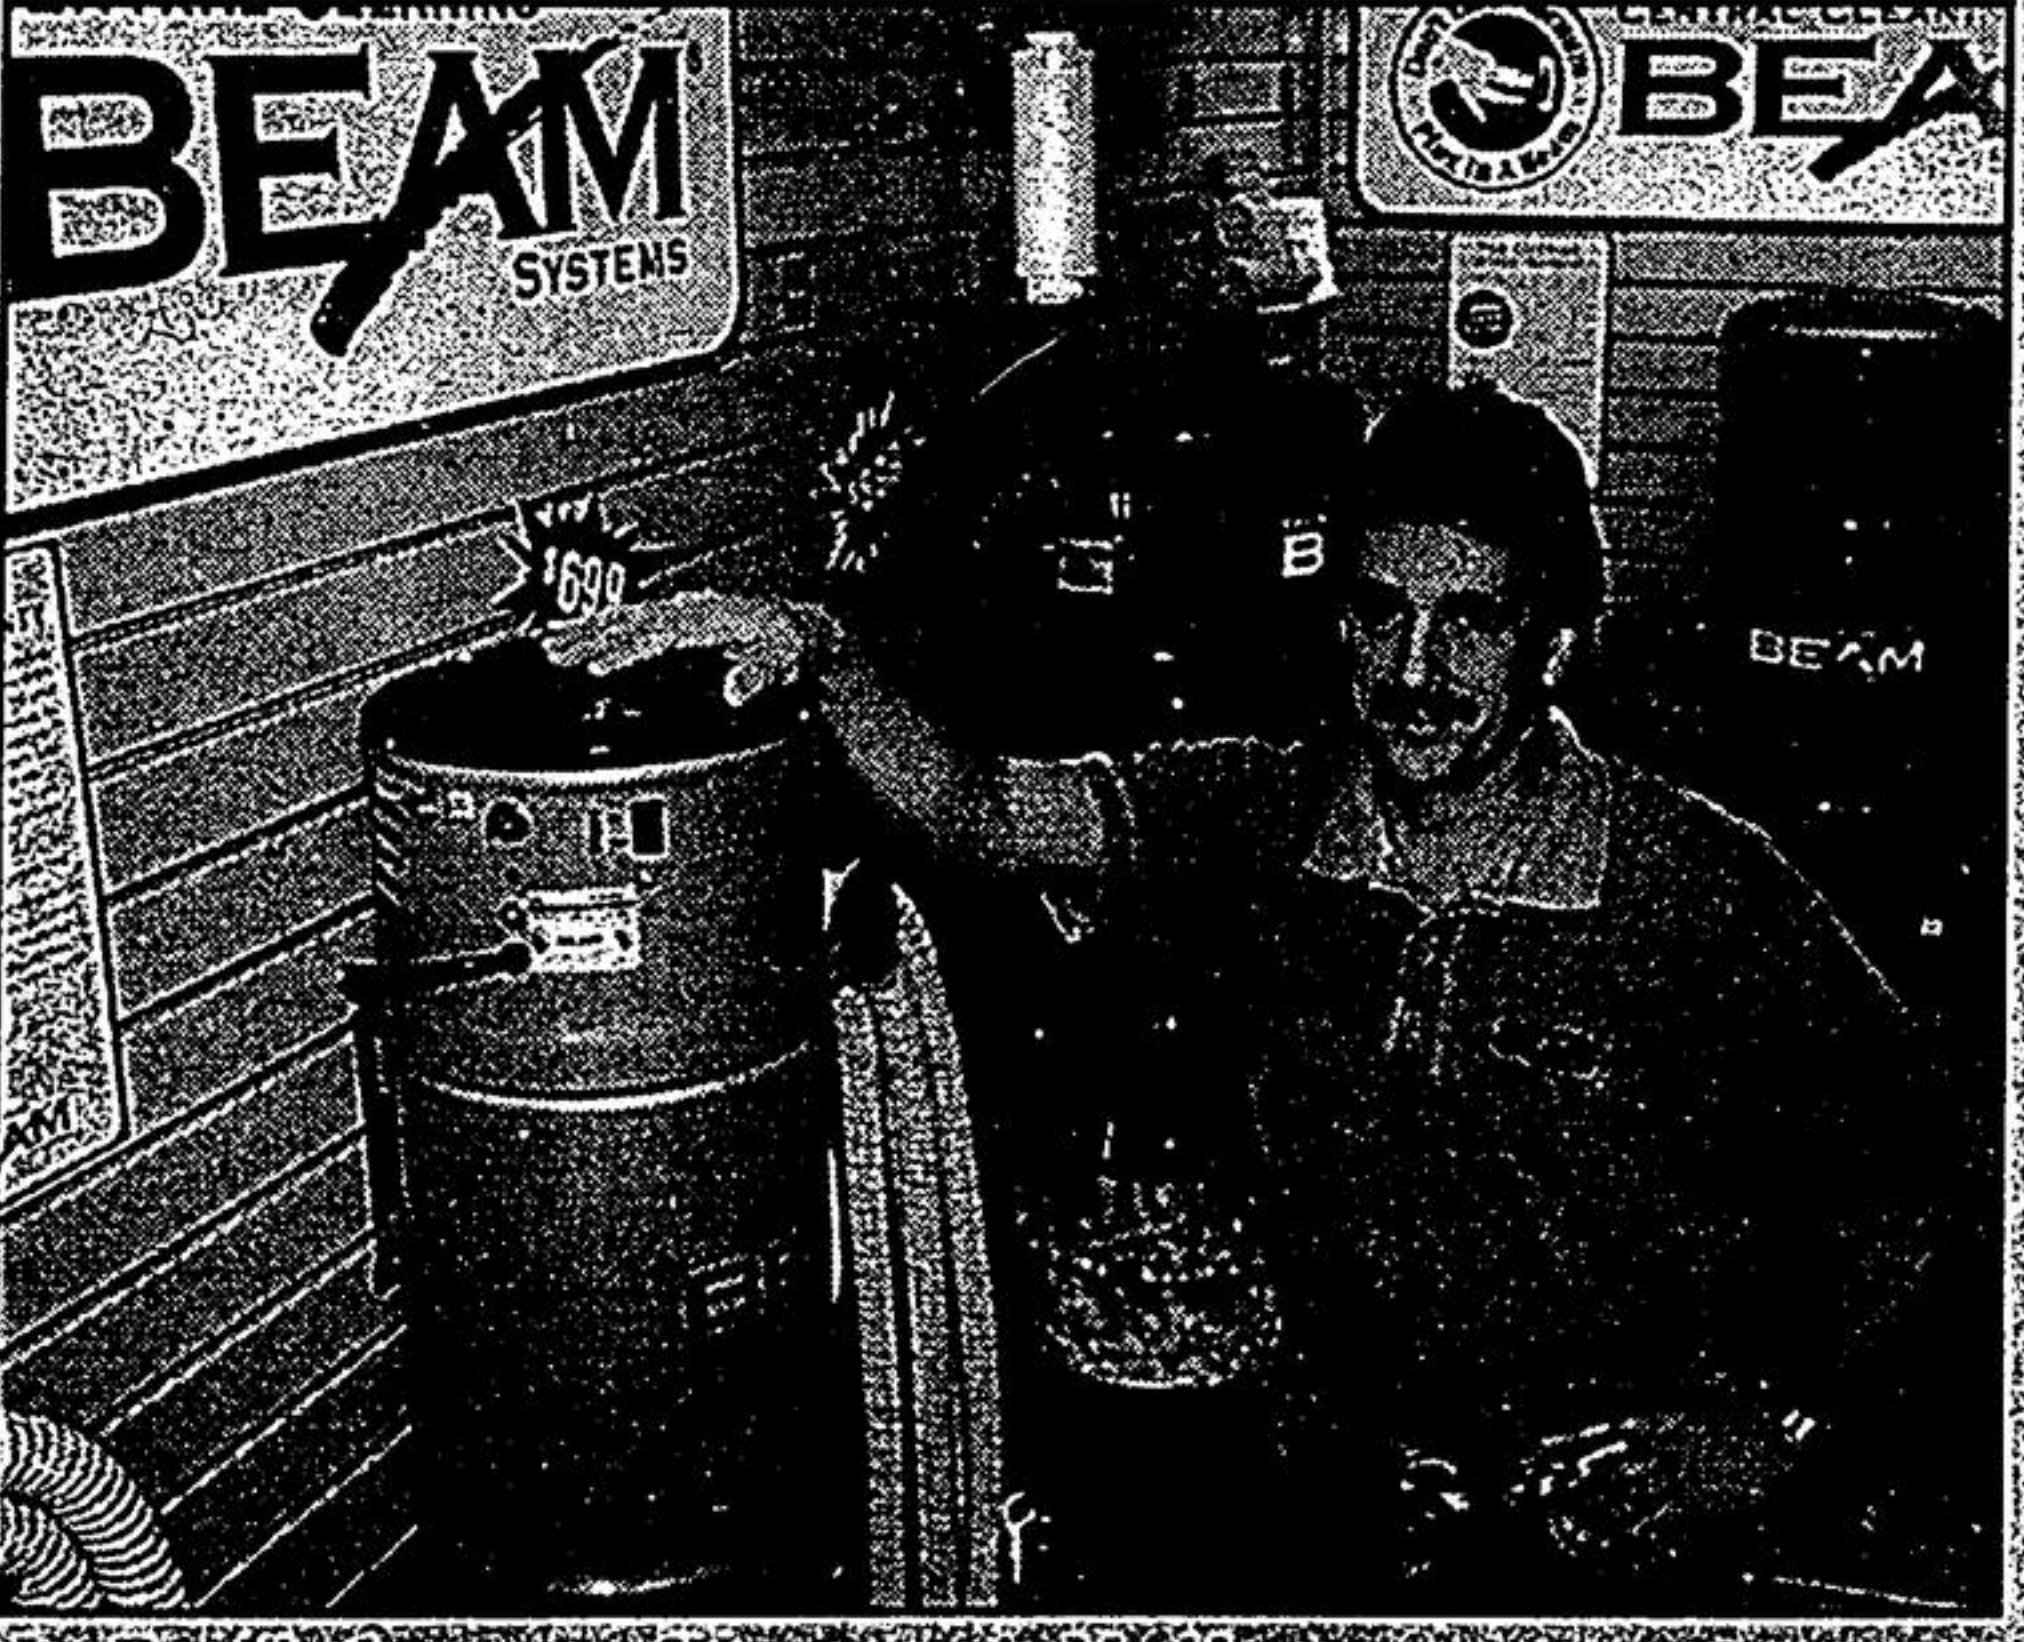

And all this is offered in a store that is on one level with plenty of free parking.

(For many customers this is key).

Owner Joe Bond takes pride in knowing and being able to repair any vacuum.

He is an authorized service centre for Beam, Bissell, Eureka, Singer, Hoover, Dirt Devil, Philips, Regina, Miele, Panasonic, Sharp and Royal, but can service all other brands such as Compact, Electrolux and Kirby.

The repairs are done quickly because everything is done right in the store. And because Vacmaster has a fully stocked, organized warehouse, almost everything you need

Joe Bond is the owner of Vacmaster in Markham. Photo by STOERD WITTEVEEN.

can be found immediately. Bond sells all kinds of vacuum cleaners and can give air flow demonstrations for central and portable vacuums. Vacmaster is open from 9 am to 6 pm from Monday to Friday and 9 am to 5 pm on Saturday. After hours appointments are available upon request.

For details visit the store at 172 Bullock or call them at 472-2036.
