

# French school opens in fall

**MIKE ADLER**  
 Staff Reporter

French schools in the region, including Sainte-Marguerite Bourgeoys in Unionville, this fall from the district Catholic school board.

The area's French-language public school board will open its first York Region school in September.

The board, created by the province this year and known as Le Conseil scolaire public du district Centre-Sud-Ouest, also hopes to open a second school in Richmond Hill within three years and a third one in Markham within four.

"Based on the phone calls I've been getting, it can't happen soon enough," Education Director Alice Ducharme said yesterday from the board's headquarters in Don Mills.

The board's first York Region site will use the former MacKenzie Public School building, now occupied by a private school, on Islington Avenue North near Major Mackenzie Drive.

It could mean much shorter trips to school for the board's local students, many of whom have been spending over an hour a day on buses.

Students from Markham and Stouffville will be sent to the former MacKenzie site or to the board's school in Scarborough, whichever bus ride is shorter, Ducharme said.

Parents can call 416-391-1264, ext. 248 for more information.

Board chair Ronald Marion declared that "after years of struggle, the full rights of francophone parents" in six regions of Ontario "are finally being recognized."

Another area French-language board created for separate school students will take over existing

## DENTIST CLONES WOMAN'S TEETH

...not quite, but DENTAL IMPLANTS  
 are the next best thing!

Bridges and dentures used to be the only way to restore missing teeth. But now dental implants can replace one tooth, a few teeth or even all of your teeth. The result will be a smile that looks great and teeth that feel as secure as nature's own.

While dental implants can make an amazing difference in your mouth, they cannot be used in every situation. So, we invite you to see us for a personal NO CHARGE consultation. We welcome the opportunity to discuss whether dental implants are possible for you, what procedures and costs are involved, and the payment plans we offer.

So call us today, and let us put a SMILE on your face again.
