

Shaw @ Home

The next wave of high-speed Internet.

Shaw@Home High-Speed Internet

Faster is now even better. Introducing Shaw@Home, the new Internet service with the speeds we're known for, plus a whole lot more.

Delivered through cable, Shaw@Home is a unique combination of high-speed Internet access and an easy-to-use Web guide.

The result: instant, unlimited access to all the best online news, information, the hottest games, and entertainment services — all in a rich multimedia environment that brings your Internet experience to life.

A special message for our current WAVE customers.

As a WAVE customer you automatically receive a FREE upgrade to Shaw@Home. Shaw@Home is more than high-speed; it's rich multimedia content delivered in full motion video and digital audio.

Top content providers from across North America have developed exclusive multimedia including the hottest games, video news and CD quality sound. Yours to enjoy for the same monthly fee of only \$39.95.
