FIRE PREVENTION WEEK

OCTOBER 4 to 10

The time to practice your plan is October 7 at 6 p.m.

FROM PAGE 19.

Markham Fire Department is going to give people the perfect opportunity to practice their home fire escape plan.

On October 7 at 6 p.m., fire stations across York Region will be sounding their alarms. Everyone is encouraged to put their plan into action.

"The Great Escape is a fun activity for entire families to participate in during Fire Prevention Week, but it could also save lives," said fire chief Anthony Mintoff.

"If a fire breaks out of your home and you and your family only have a few minutes to escape safely. Home fire escape planning and practice ensures that everyone in the household will know how to use the small window of opportunity effectively and get out alive.

The contest and fire drill aren't the only thing Markham Fire Department will be doing during Fire Prevention Week.

The Markham Fire Department is having a display at the Markville Shopping Centre Oct. 8, 9 and 10.

There will be two interactive fire safety computer games, free smoke alarm cleaning and a free battery replacement.

Blizzard said there is a law that states that you have to clean your smoke alarm every six months.

"You know how dusty your table gets. Imagine what your smoke alarm looks like after sitting there for a few months."

Cleaning the alarm only takes a few seconds. It doesn't need to be taken apart, just simply vacuumed around the outside.

There will also be information regarding carbon monoxide detectors and fire extinguishers.

The fire department encourages people to have at least one carbon monoxide detector in the basement of their home and an extinguisher in their kitchen. And with a fire extinguisher, the most important thing is to know how to use it, said Blizzard.

The Fire Department will also be at the Markham Fair October 1, 2, 3 and 4. They will have the smoke house set up at that time.
