Keep Halloween safe and fun

Motorists should look out for small children and slow down while driving through residential streets

On Halloween, one kind of scare we all want to avoid is being involved in a traffic accident.

GAA Central suggests parents and children take the following precautions for a safe Halloween:

Try to trick-or-treat when it's still light outside. Dusk is when visibility for motorists is the poorest.

Wear a simple costume made of light coloured material that allows for easy movement.

Decorate your costume with reflective tape and carry a flashlight.

Use hypo-allergenic make-up instead of a mask. Masks block your

vision, making it difficult to be aware of approaching traffic. This increases the chance of tripping or falling.

If you must wear a mask, make sure you take it off before crossing the street.

Choose a route that goes only through safe, neighbourhoods with well-lighted streets.

Have a responsible adult or

older teen accompany younger trick-or-treaters.

Although travelling in groups is safer, try to limit the group size to four or five to better keep track of all the children.

Always walk, don't run - especially when crossing the street.

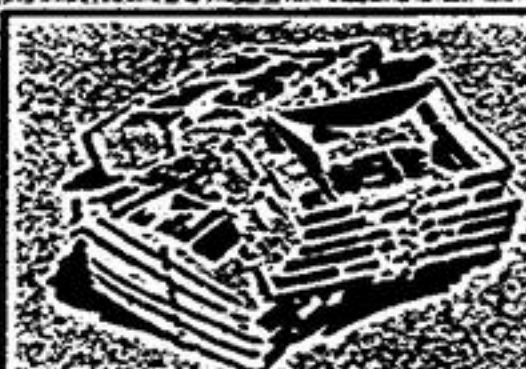

Cross only at corners. Never cross the street between parked cars or in the middle of the block.

If there is no sidewalk, always walk facing traffic, as far off the road-way as possible.

Never enter any stranger's house, even if you're invited.

Wait until you get home to sort, check and eat your treats.

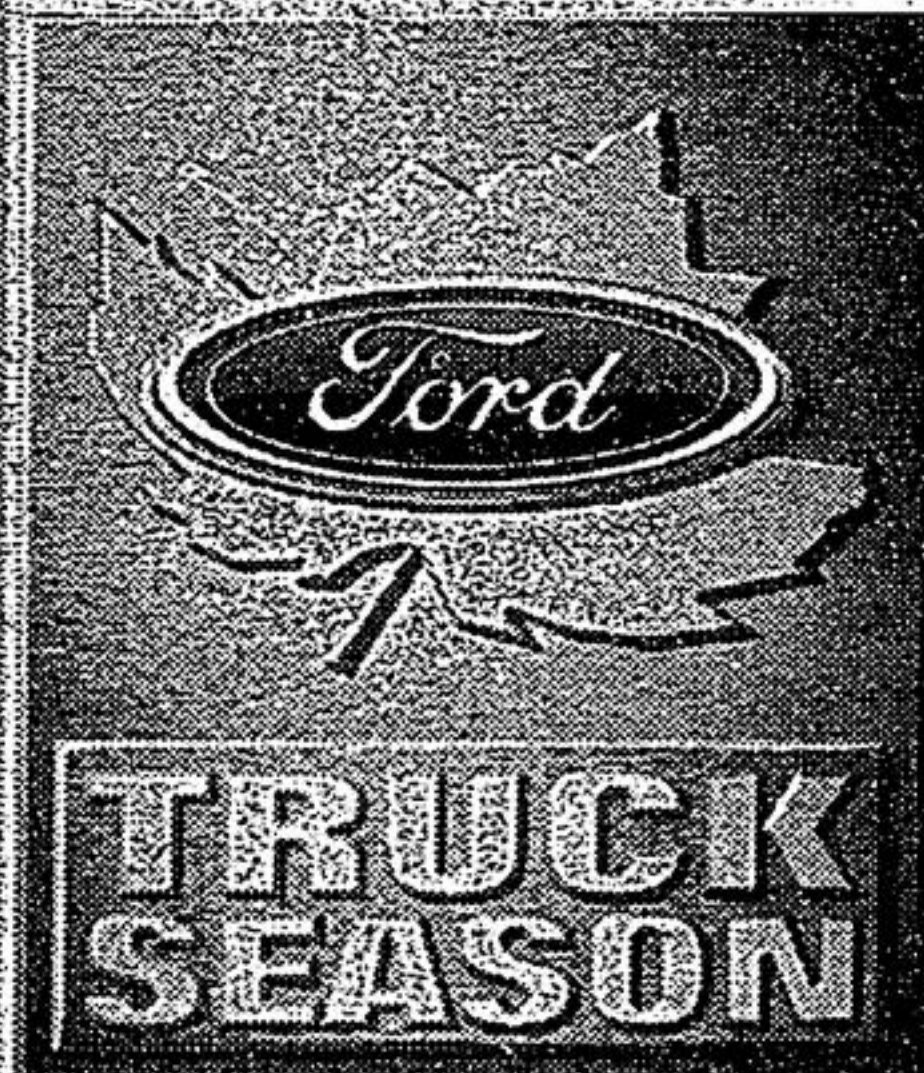

Motorists are also asked to keep an eye out for small children, and slow down when driving through residential areas.
