## Experience a Country Christmas

### Enjoy a Victorian Christmas

In the Victorian era, people reveled in rich colours and textures. So, they adorned their Christmas trees with noesgays, silk tassels, paper and fabric fans, ornate glass ornaments, ropes of pearls and gold beads and cornucopias.

During winter evenings before Christmas, Victorians would create these beautiful ornaments and place them on their trees.

To bring a 19th-century holiday into their home this year, people can create their own authentic Victorian decorations.

#### VICTORIAN JEWEL ORNAMENT

- 3-inch styrofoam ball
- gold paint
- 4 inches gold wire
- white glue
- 36 inches gold braid, 1/4-inch wide
- assorted gold and crystal beads and pearls

gold beading  
beaded or gold tassel

Paint the styrofoam ball gold and let dry overnight.

Form a double loop of gold wire and insert the ends into the top of the ball; glue to secure. With a glue gun and the gold pins, attach the gold braid around the ball twice to create four sections.

Create a design with the loose beads, mailing each of the sections the same or completely different.

Work very slowly to allow each piece to dry.

Attach the gold braiding in loops around the bottom of the ornament. Finish off with a tassel at the very bottom of the ball.
