6TH DAN MASTER INSTRUCTOR
 CANADIAN NATIONAL TEAM
 TRAINER 95-99

JOANNE & BRIAN KING WRITE:

Our family have been members of Myung's Tae Kwon Do for the past 5 years. We were originally looking for a year-round sport for our children that included excellent exercise, strong discipline, and individual and team challenges. This sport suited this. We embarked on an exhaustive search for the right Martial Arts School and were quite impressed with the facilities being offered by Master Myung. His classes are well run and extremely well taught. Our children have been surrounded by nationally ranked black belt instructors and have been greatly enriched in the process. We found Master Myung's facilities to be first class and his investments in his clubs has shown his commitment to the Markham community. It wasn't long before our entire family, including 4 year old Lisa, were enrolled in a black belt program with this school. The club has not only become an excellent tutor for physical exercise and self discipline and confidence, but also a great social adjunct where we have met many great friends and members of the community.

Our Special Program Will Improve Your Child In These Areas

- Self Esteem
- Concentration
- Co-Ordination
- Perserverance
- Self Defence

- Get Fit
- Release Stress
- Learn to Defend Yourself
- Meet New People
- HAVE FUN
