Q-INTER

Q-INTER is dedicated to providing quality business software solutions by working with our clients in a unique collaborative manner that we call QUALITY INTERACTION.

We are looking for career minded individuals to join the Q-INTER team in the fast paced and exciting world of software solutions. We provide a positive team oriented environment with competitive salary and incentive remuneration.

PROJECT LEADERS-SYSTEM IMPLEMENTATION - Candidates must have previous experience in managing systems implementation projects. Responsibilities will include providing training and implementation of middle market accounting and business software. Consultants will take the lead role in managing software package implementations; define project scope, plans, schedules, and documentation, and translate client business needs into concrete project goals. Candidates should possess a University Degree, professional accounting designation (CGA, CMA, CA) or equivalent experience. Experience with mid-market business software such as Solomon IV, NAVISION, Great-Plains, Platinum, Macola, TRAVERSE or other similar application is an asset.

ACCESS DEVELOPERS - Candidates must have proven Microsoft ACCESS development skills in a business software environment. Database driven and project oriented experience is a must. Developers should possess a minimum of 3-5 years working experience in programming and software development. A University degree or other post secondary education is a distinct advantage but not essential. Microsoft Certification, MCSD or MCSE preferred and will be encouraged of all candidates.
