security

Ford Windstar is the only minivan to earn five stars in government crash tests four years in a row. This is the highest government frontal crash test rating for the driver and front passenger.* Ford is proud of this achievement because it means Windstar owners and their families can travel with an added measure of assurance. Convenience is important. Safety and security are essential.

*U.S. government data only useful in comparing vehicles within 227 kilograms (500 pounds)
