Unionville Heating and Air Conditioning

When people choose Unionville Heating and Air Conditioning, they receive prompt, reliable service and excellent prices.

"We offer a 24-hour, seven-day-a-week emergency service, including holidays, for air conditionings and furnaces," said owner John St. Germain.

For the customer, this means fast, reliable service the moment a problem occurs.

In addition, Unionville Heating sells quality units from some of the best manu-

Right now, Unionville Heating is offering two specials. People can purchase an air conditioner, (there are still some instock) and put it on layaway. The layaway plan is interest free.
