Markham Auto Repair

Markham Auto Repair is the largest independent auto repair centre in Markham.

And it got that way through honesty and reliability.

"All my business is through customer referral," said Jim Malcolm, who owns the shop with George Laing. Malcolm, who has owned Markham Auto for more than eight years, said people go to his repair shop because staff go out of their way to make

sure they are happy. Markham Auto Repair offers a warranty on all services and they loan vehicles to customers while theirs are being repaired. They also offer one-stop shopping. Doing everything from rotating tires to overhauling an engine, trained technicians — who update their skills on an ongoing basis — use the latest technology and state-of-the-art equipment.

Markham Auto Repair is located at 4 Heritage Rd. For details call 472-5100.
