Markham CruiseShipCenters

People should experience a cruise vacation at least once in their lifetime.

"Cruising was typically thought of as strictly for retired people with money," said owner Jan Milrose. "But that's not the case anymore. There are cruises for families, singles and themed cruises. Cruising is all-inclusive and compared to a similar holiday on land, it is cost effective." Cruise anywhere in the world. Unpack once and let the ship bring exciting destinations to you.

Cruising offers the best of both worlds.

"You're free to explore different ports, cuisine and cultures, but at the same time there are unlimited opportunities for activities on the ship. The ship itself is really a floating resort." CruiseShipCenters' friendly, knowledgeable staff will be happy to help you plan your dream vacation. Attend one of their cruise information nights.

Markham CruiseShipCenters is located at 548 Carlton Rd. For details call 948-1800.
