Viking Wrought Iron

BY ANNE HOWLAND

Viking Wrought Iron helps homeowners build railings and fencing that will last a lifetime and add a prestigious look to any property.

Wrought iron designs can be as plain or as fancy as the homeowner desires. Most jobs are completed within two to three weeks.

Owner Jeff Poulton prides himself on his business' personal touch; and completes all

work himself.

With seven years of welding experience and a college degree in the profession, Poulton is realizing a childhood dream in operating his own wrought iron business, which he started in 1996.

He also provides commercial services, including guard rails and fences, as well as safety devices for machinery.

For details call

Viking Wrought Iron at 888-8564.

Your Expression

Your Expression is not just another pretty card shop.

The store specializes in customizing cards and invitations for all special occasions including weddings and anniversaries, baptisms, birthdays and more.

Your Expression offers a large selection of unique gifts and imprintable stationery.

"We are carrying more and more beautiful, fun and designer stationery and invitations," said owner Shirley Bevacqua.

"We can print them for you onsite, usually in the same day."

Dedicated to detail and exceptional quality, experienced staff can help you create unique and affordable invitations.

"We have recently expanded and renovated our store for your shopping pleasure and convenience."

Visit the store on the upper level of the Markville Shopping Centre.

For details call 513-6862.

Unionville Golf Centre

Unionville Golf Centre is the place to go to learn, practice and play the game of golf.

The 35-year-old par three golf course offers a picturesque setting with mature trees, sand traps and water hazards all in the heart of old Unionville.

Four CPGA professionals are available to teach potential golfers how to play the game in private, semi-private and group lessons.

"It's the perfect family place to learn the

game or to sharpen your skills," said Glenn Fox, CPGA pro and manager of the centre.

The centre also offers a floodlight driving range and a fully stocked proshop that offers a large selection of golfing equipment and accessories.

While the club doesn't offer power carts, pull carts, as well as clubs, can be rented.

For details call 477-1148 or visit the course at 44 Main Street Unionville.
