Unionville Home Society

The Unionville Home Society is continually earning the community's support.

Over the past two years, the Home Society has added programs and services for both its residents and seniors in the community.

Residents benefit from a new medical team for complex care, a 24-hour home and community service program, which assists with personal care, emotional support and emergency response for seniors

living independently, a 24-hour maintenance and security program and a youth volunteer program, where youths are paired up with seniors for daily or social activities. Seniors (both on campus and off) can participate in a day guest program and are invited to use the Anna Russell Spa. The spa offers bathing, health-related programs and personal care services in a friendly, non-medical environment.

The Automotive Store

The Automotive Store offers a different automotive parts shopping experience.

"It's a delightful experience for the modern 'do-it-yourselfer,'" said co-owner Ramsey Haddad.

The bright showroom is stocked full of parts for most domestic and imported vehicles. An electronic catalogue system makes for fast and accurate identification of parts.

If people still require assistance, The

Automotive Store's friendly and experienced staff are eager to help.

"We go the extra mile to please our customers," said Ramsey. "We do it all through service, quality products and fair pricing."

"When we see customers coming back with their friends, we feel we have accomplished our objectives and have succeeded."

Vacmaster — not your typical vacuum store

Now Vacmaster offers you a second location to serve you better

Most people are impressed when they walk into Vacmaster's two locations — first by the neat, organized store displays, then by the knowledgeable staff.

Located at 172 Bullock Dr. in Markham and 2086 Lawrence Ave. E. in the Wexford Plaza in Scarborough, Vacmaster carries most of the major brands of vacuums.

"Some stores carry only one brand, so you know you won't be getting your choice, but rather whatever vacuum the store has too many of," said Joe Bond, who opened the Markham location in 1985.

"We have the largest selection of vacuums in York Region and the GTA, so customers can decide what price range and features they want."

Vacmaster sells the number one central vacuum system in the world — Beam.

"Our installers have over 20 years experience in central vacuum installations."

That is why, where there is a wall there is a way to put a central vacuum in. No job is too tough for the pros."

Vacmaster's professionals offers in-home service on central vacuums.

Vacmaster also sells the oldest vacuum company in the business — Hoover, which celebrated its 90th anniversary this year.

Vacmaster is also an authorized service centre for Beam, Bissell, Eureka, Singer, Hoover, Dirt Devil, Philips, Regina, Miele, Panasonic, Sharp, Samsung and Royal, but they can service all other brands such as Compact, Electrolux, Filter Queen, Fantom and Kirby.

They also carry bags, belts, motors and parts for all vacuums.

CONVENIENCE IS THEIR SPECIALTY

Both of Vacmaster's locations offer plenty of parking and easy accessibility.

"Our two stores are all on one level so there are no stairs to climb."

Convenience is

Vacmaster Markham.

not the only reason why many people go to Vacmaster, but it's their extensive selection of vacuums and parts, as well as their friendly and knowledgeable staff that keeps people coming back.

"Although we are listed in the *Locator* and *Yellow Pages*, most of our new customers have been referred to by a friend."

Bond invites everyone to come in and experience the Vacmaster experience themselves.

"We are often intimidated, but never duplicated. Come in and see for yourself."

Vacmaster in Markham is open 9 a.m. to 6 p.m. Monday
