SIGHTS & SOUNDS *Christmas* DAYS REMAINING

Give your family the gift of a healthy, happy and safe holiday season

Candles, lights and decorations are an essential part of the holiday season. Unfortunately, they also increase the risk of fire and injury.

To help you and your family have a safe, healthy and happy holiday season, the Insurance Information Institute provides the following safety tips:

CANDLES
Check candles frequently to make sure they don't burn down too far or drip hot wax. Snuff out all candles before going to sleep. When burning candles, make sure they are placed in sturdy, noncombustible holders away from decorations and other combustible materials.

FIREPLACES
Never burn wrapping paper in the fireplace. This may release fire-starting embers or produce a buildup of dangerous chemical fumes in the home.

ENTERTAINING
If you entertain guests who smoke, provide large ashtrays and check for cigarette butts in upholstered furniture before going to bed. Cigarette fires are the leading cause of fire fatalities in the home. Don't leave the stove unattended when cooking for guests. In the excitement of holiday, entertaining, it is easy to forget about the stove.

CHILDREN AND PETS
Place all ornaments out of reach of small children and pets. Small or breakable ornaments easily can be knocked down. This can result in cuts or choking. Be sure to anchor the tree to the wall and ceiling — curious children and playful pets can topple a tree in seconds, causing serious injury. Beware of toxic decorations.

Make your home safe this holiday season.
