You deserve to be comfortable in your own home.

But when you're suffering from problems like

- Rooms you just can't keep warm, however high you set the thermostat.
- Drafts coming from every corner of the room.
- Floors that feel like ice, especially in rooms above the garage.
- Windows that drip drip with condensation.
- Mould, mildew, and stains on ceilings & walls.

It's time to get help!

Symptoms like these usually indicate serious problems that traditional measures don't put right. You can be comfortable everywhere in your house with an independent trained home comfort specialist to help you discover the causes of your discomfort -- and fix them fast!

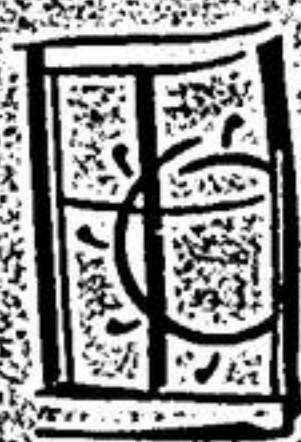

You really don't have to suffer. Just call us today and truly enjoy the home you've worked so hard for.

**ENBRIDGE Consumers Gas**

This service is sponsored by Enbridge Consumers Gas to promote energy efficiency in the home, reduce emissions and improve the environment. Contractors who visit your home are trained in the latest comfort and energy saving techniques. Hours of operation: 10a.m. to 8p.m. Monday to Friday.

As a bonus, some contractors may also be able to provide you with an EnerGuide Rating for your home. Developed by Natural Resources Canada, the EnerGuide label shows exactly how energy efficient your home is compared to others. Either way, our first priority is solving your comfort problem. EnerGuide, the EnerGuide for Houses logo, the stylized EnerGuide wordmark and the EG design graphic are all Official Marks of Natural Resources Canada. Used with permission.
