Fortino's Supermarket located at Kennedy Road and Denison Street has been a town staple for over eight years providing the community with fresh produce, competitive prices and of course, friendly, efficient service.

The 65,000 sq. ft. location is a full-service supermarket, which includes a bake shop, seafood centre, club pack department and a photo lab.

The bake shop makes all goods from scratch on the premises. Custom orders on single items or for full-blown sweet tables for parties and special events are available and the taste is always second-to-none.

Fresh is the operative word in all of the departments and the produce section. "Over 12,000 square feet of a range of crispy vegetables and fruit is a particular source of pride", says store manager, Carlo Natalini. "In addition, we won't be undersold on staple commodities which include milk, bread, butter, diapers, sugar and bananas"

Each Fortino's is unique, catering to the community in which it is located and Markham's is no different. There are 3,000 extra lines carried, which are geared specifically to the variety of ethnicities that make up the town.

"Your specialty is our specialty," Carlo says with a smile. "We go out of our way to get items our shoppers are looking for, so they don't have to go far from home to get ingredients specific to their cuisine"

Furthermore, the full-service shop makes hosting a party stress-free. Deli party trays and cheese trays will impress guests and make hosting just that much easier.

A firm believer in giving back to the community, the people who make up the Fortino's team, have been actively involved with a range of groups and organizations including the Boy Scouts, the Rate Payers' Association and the Heart and Stroke foundation.
