Makeover leaves Uxbridge resident feeling like a queen for a day

She's usually too busy caring for her two children, running a household and working part-time at Quaker Pharmacy in Uxbridge to even think about something as indulgent as a makeover. Last week, the opportunity of a lifetime allowed Jennifer to have a complete makeover at Fran Coupe Hair Design and Spa in Markham.

"I was excited and nervous at first," she says. "Never having experienced a makeover before, I didn't know what to expect."

When she arrived at Fran Coupe, she explained to the staff that she didn't know what kind of look she wanted. So she left it up to the experts. "The first thing we did was make her feel as comfortable as possible," says Fran Coupe. "We explained the entire makeover process and what the different stages included."

Since Jennifer leads a busy, active lifestyle, the staff at Fran Coupe suggested a low-maintenance makeover that would accent her natural beauty. Normally, Jennifer prefers to cut her hair short, but Fran suggested a cut that would leave some shortness around her neck, but also add fullness and texture on top.

Next, Fran and her staff agreed that a maroon colour for the hair would match the flecks in Jennifer's eyes. "The maroon hair coloring provided an attractive match for her eyes," says Fran.

Chunky foil highlights were then added to give Jennifer's hair some play and depth. "Their artistic abilities are amazing," says Jennifer. "They know how to make hair come alive."

For the makeup, Maha Abou-Georgi applied some maroon eye shadow and

a black liner to complement Jennifer's beautiful eyes. "We didn't apply a lot of blush," says Ms. Abou-Georgi. "We continued with a natural theme with some soft brown lipstick from Jordane."

What was the end result of Jennifer's makeover? "The staff was amazing, and I couldn't be happier with the result. They treated me like a queen and I left feeling very special. I think that every woman should experience this type of makeover at least once."

Fran Coupe Hair Design and Spa offers a full range of hair styling services, including perms, highlights and colour treatments for people of all ages. An in-house spa provides manicures, pedicures, facials, make-up applications and skin care. Four friendly, talented staff (Lana, Maha,
