## VOLUNTEERS NEEDED FOR DEPRESSION RESEARCH

We are currently conducting a study of a new investigational medication treatment for depression. The purpose of the study is to further our knowledge about the treatment of depression. Treatment duration is 8 weeks and includes a physical exam, blood tests, electrocardiograms and a psychiatric interview. All information provided will be treated with strictest confidence. To volunteer, you must be 18-65 years of age, not currently in psychiatric treatment (unless you are being referred by your doctor), have no significant drug or alcohol problems and be in generally good health. To be evaluated for this program, please contact Dr. Steve Stokl's office (Psychiatrist) on Mon. June 19 or Mon. June 26 between 9:00am and 2:00pm or 7:00pm to 11:00pm to qualify for entrance into the study. This Psychiatric location is one of over 70 centres in the United States, Canada, and Puerto Rico involved in this medical/scientific research study.
