REGISTERED NURSES

Special Care Nursery/ Paediatrics and Breastfeeding Clinic (P/T)

Join our health care team in this opportunity to provide care in our Special Care Nursery/Paediatrics and Breastfeeding Clinic. As an RN, you possess at least 2 years of recent NICU experience and recent NRP certification. Preference will be given to those who possess Lactation Consultant certification, or extensive breastfeeding experience with pre-term infants.

Single Room Maternity Care (P/T; Temporary F/T & P/T)

As an RN in the Childbirth and Children's Centre, you will be part of a health-care team that promotes the birthing experience as a normal, healthy process and the family as an integral part of that experience. This role calls for a Perinatal Nurse with experience in labour and delivery, operative deliveries, current NRP and fetal monitoring. Ideally, you have completed a breastfeeding course.

LABORATORY TECHNOLOGIST (P/T)

This opportunity will see you work in a progressive core lab setting, dealing with chemistry, haematology, blood bank and gram stains. You are a CMLTO member with general certification from CSMLS, and have core lab or haematology and/or blood bank experience, including phlebotomy. Your background includes the use of a Laboratory Information System, Meditech preferred. As a team player, you demonstrate excellent communication and interpersonal skills with a strong customer-service focus. We welcome applications from new graduates.

REGISTERED RESPIRATORY CARE PRACTITIONER

Asthma Clinic

This part-time position will see you provide comprehensive patient care and education to respiratory patients. Your responsibilities will include registration and follow-up of patients, maintaining workload and recording relevant statistics. Along with completion of a recognized Respiratory Therapy Program, you are registered with the College of Respiratory Therapists and the CSRT, and have a current BCLS and at least 1 year of postgraduate hospital experience. A background in an asthma clinic and asthma education certification are considered assets.

OCCUPATIONAL THERAPISTS

Challenging opportunities exist for dynamic individuals to provide assessment, treatment and consultation services to our hospital clients/customers. You are a team player with excellent interpersonal skills, and ongoing continuing education and professional development. Registration with the College of Occupational Therapists of Ontario, with eligibility for membership in the CAOT, is essential.

Occupational Health & Safety (P/T contract - 1 year)

Experience in ergonomics is preferred, as you will be responsible for evaluating the hospital's ergonomic needs and educating staff.

Outpatient Rehab Services (Casual)

Utilize your skills to treat hand conditions in a plastics clinic or outpatient rehabilitation setting. Preferably, you will have experience in plastics, with upper-extremity rehabilitation and splinting.

PHYSIOTHERAPISTS

Your key responsibilities in either of the following areas will include providing assessment, consultation and education to patients, family members and the interdisciplinary team. You are currently registered with the College of Physiotherapists of Ontario, and eligible for membership with the CPA, and demonstrate excellent communication and interpersonal skills.

Acute Medicine & ICU/CCU (P/T)

In this role, you will work with patients presenting complex medical, oncological, neurological and respiratory conditions. Experience in gerontology, medicine and oncology is preferred.

Surgical and Medical Systems (Casual - weekends/weekdays)

Working independently, you will meet the priority needs of the Surgical and Medical Systems active patient case loads, including patients from In-patient Surgery, ICU/CCU and Medicine/Telemetry. Experience with neurology, cardio-respiratory and/or orthopaedic patients is an asset.

If you are interested in growing with a leading health care facility, please direct your resume, indicating position and/or area of interest, no later than September 6, 2000, to: Human Resources, 381 Church Street, Markham, Ontario, L3P 7P3. Fax: (905) 472-7055. E-mail: humanres@msh.on.ca

Keeping things coming and going

In your role as Shipper/Receiver, you understand and relate well to these demands and needs.

With three to five years of experience in a manufacturing setting you are a wizard in your field. International shipping and receiving of specialized electronic materials and goods is only part of what you do. Packing, packaging and follow-up with a detailed paper trail is something you do with enthusiasm and pride. You understand the need to receive all incoming inventory, returns and office supplies equally, with a view to the priorities of the moment and beyond. You are able to call upon proven people skills and customer service expertise to investigate, resolve and bring to conclusion shipping and receiving account issues. Lastly, you are proficient with a variety of established software packages used to support your role within the company.

We are one of Canada's fastest growing technology firms, developing and producing GPS/Inertial Guidance products for clients around the world. Our staff retention record is enviable, our benefit and salary package excellent and the overall office ambience and team outlook is top rate!

If this position is of interest to you, please submit your credentials for consideration to our HR Manager.
