New model homes decorated by Queen's Pantry now open

Karen and Linda Chadwick of The Queen's Pantry are thrilled to announce the opening of three stunning Kylemore model homes at Angus Glen. All three model homes were decorated by The Queen's Pantry and are open to the public starting today.

"This has been an amazing opportunity for us to display our home furnishing lines, curtaining and accent pieces in real home settings," says Linda. "Each model home represents a very different and unique home furnishing style."

The model home used as the sales office is decorated in ultra modern, which is a popular trend today. The second model reflects a French Country style. "This continues to be a strong decorating style," says Karen. "Our customers love the warm, cozy, easy-to-live with feeling that comes with this look."

The third model reflects a traditional contemporary home decor which allows The Queen's Pantry to profile a more upscale blend of furnishings. "This might seem like a complete departure from what people have come to think about us," says Linda. "But we're responding to our customers' desire for higher end styles of home furnishings."

The model homes at Kylemore have allowed the company to broaden its appeal by offering a sophisticated, contemporary flair. "In this way, we feel that we can offer our customers any type of home decor that suits them," says Karen.

The Queen's Pantry was chosen by Angus Glen to decorate the Kylemore model homes because of its long-standing involvement and high profile in the Markham community.

"Angus Glen prides itself on being community-oriented and so do we," says Karen. "This was a marriage made in heaven."

As part of the grand opening celebrations of the Kylemore model homes, Karen and Linda have launched a "HOP, SKIP and JUMP" contest, where participants have the opportunity to win a classic leather club chair. In order to be eligible, you need to visit the model homes and answer three questions concerning the models. Entry forms can be picked up at The Queen's Pantry and ballots are to be dropped off at the Queensbridge Mill on the 19th line. The draw will be held on September 30, 2000.

Linda and Karen have successfully operated The Queen's Pantry on Main Street in Unionville for over 18 years. In 1998, the sisters purchased the historic Almira Mill on the 19th line (between Warden and Kennedy) and renamed it the Queensbridge Mill. They opened a new showroom at this location in order to better showcase their extensive furniture lines.

The Kylemore model homes are located on Kennedy Road north (south of Major Mackenzie). The Queen's Pantry is located at 176 Main St. in Unionville and can be reached at (905) 477-4625. They are open Monday to Saturday from 10AM to 5:30PM and Sunday from noon to 5:30PM.

The Queensbridge Mill is located at
4160 19th Ave.,
between Kennedy and Warden
and can be reached at (905) 887-1127.
They are open from
Tuesday to Saturday from 10AM - 5PM.
Visit the company website at
www.queensbridge.com.

Fieldstone Windows Ltd.

Fall is a busy time of the year for installing new windows and doors. If you happen to be in the market for either, consider the expertise offered by Fieldstone Windows Ltd.

Fieldstone Windows Ltd. is owned and operated by Ken Simpson, a carpenter by trade who has over 15 years' experience in the construction business. Unlike many door and window companies, the owner provides the consultation and the installation himself. There are no salespeople who promise things that they cannot deliver and no subtrades that may not be around tomorrow.

"Seventy-five per cent of the doors and windows I install are inserted into the existing window frame, leaving interior moldings intact," says Ken, an alumni of the Ontario College of Art and member of the Greater Toronto Home Builders' Association. "An alternative method is to remove the entire window back to the rough opening. This also gives a very pleasing look."

By removing the old window, customers are assured that the new window is sealed and insulated properly and that any old or rotting wood is removed. Larger glass area and upgraded moldings are other added benefits.

Fieldstone Windows Ltd. specializes in professional residential window and door installations, and Mr. Simpson takes enormous pride in completing all work on time and on budget. "Whether it's a vinyl

window or a solid wood door, there is a range of qualities from high-end to poor," says Ken. "I make quality a number one priority with all customers, which has resulted in many repeat and referral customers."

Some window dealers and manufacturers are limited to a single product line and may persuade homeowners to buy something they don't want or need. Since Fieldstone Windows is not a manufacturer, it has the flexibility to offer a far greater range of products to suit the customers' style and budget.

"Windows are highly practical aspects of a home, but they serve another purpose as well," says Ken. "They are also design elements that can make or detract from a home's appearance. When choosing a window, it's important to not only select an efficient window, but one that complements the architecture as well."

Installing windows requires a high degree of skill and patience, and Fieldstone Windows takes the time to do it right the first time. The correct shimming, fastening, insulating and finishing trim all contribute to an excellent window renovation.

With fall just around the corner, now is the perfect time to start planning a door or window installation. Call Ken Simpson at Fieldstone Windows Ltd. today for a reliable quote on your next project.

Fieldstone Windows Ltd. can be reached at (905) 641-9287.
