

Re-Elect

Markham's Future is Now!

Frank

SCARPITTI

...Regional Councillor

The next Council carries a serious responsibility. The very character of our Town and quality of life are at stake. Here are some vital reasons why we need Deputy Mayor Frank Scarpitti re-elected.

Traffic Congestion

Frank believes strongly that before new subdivisions are approved, adequate roads and transit need to be in place *first!*

Amalgamation

Frank will continue to fight those who are planning to erase our heritage without first consulting the residents of Markham!

Slowing Down New Development

Tired of crowded classrooms, scarce seniors accommodations, traffic gridlock, then speak up and help Frank fight to slow down growth.

Keeping the Lid on Tax Increases

As the parent of 3 young children, Frank understands the increased costs of living and home ownership. In 1998, he was one of only two Councillors who voted against raising local taxes! He will continue to fight!

Neighborhood Issues

- ✓ Box Grove residents must be protected as development surrounds them!
- ✓ Unionville, Victoria Square, Cachet, Jennings Gate, Buttonville and rural Ward 6 residents will not be alone in protecting their communities from the proposed 3000 acre industrial development being dumped on their doorstep!
- ✓ Green space around Settler's Park in Thornhill must be preserved!
- ✓ Milliken Mills will not be alone in their fight against re-development along 14th Avenue and Hagerman's Corner. Let's get Milliken Mills flowers and beautification too! We are all part of the same Town.
- ✓ East Markham residents need to be assured that a Markham by-pass becomes a reality and the 9th line does *not* become a freeway!
- ✓ Both public and private well systems must be protected. Please no e-coli tragedy in Markham.
- ✓ Environmentalists like Save the Rouge Valley System must be assisted *not* opposed by elected officials!
