ETCETERA

Slipping the surly bonds...

The 778 Banshee Squadron of Richmond Hill took to the skies at the Markham Airport to allow some of their young cadets to spread their wings. Clockwise from above, the tow-plane gives the glider a lift into the wild, blue yonder; Cadet Alex Wong of Richmond Hill gets help stepping in from Kaitie Ryalen as pilot Jenn Harvey prepares to close the cockpit; the view is great from the cockpit of a glider.
