## Luxurbath offers quality bathrooms and kitchen renovations

You have flipped through magazines and talked to friends about your proposed bathroom or kitchen renovation. The financing is in place, and you have started seeking out professional help for your project.

For many homeowners, now comes the tricky part: choosing a contractor with the right stuff to complete your project on time, on budget and to your complete satisfaction. This decision is no less important than choosing design features and colours.

Since 1970, Luxurbath Ent. has provided residents in Markham, Unionville, Stouffville and surrounding area with quality bathrooms, kitchens, flooring and home renovations. A family owned and operated business, Luxurbath's excellent service, uncompromising quality and quick clean workmanship are the pillars of its business philosophy.

According to Mike, the owner of Luxurbath, the company deals directly with most manufacturers and can offer clients custom-fit products at competitive prices. Luxurbath also provides a convenient shop-at-home service that allows clients to visualize colour selections in the lighting and comfort of their own home.

When clients invite Luxurbath Ent. into their homes, they're receiving the benefit of years of experience, product knowledge and design, with no hidden costs or surprises.

"We employ fully-trained, experienced contractors who provide clean, quality

workmanship on all aspects of bathroom or kitchen renovations," says Mike. "All of the work is performed by us; we don't use subcontractors. This allows us to control each job from start to finish, and our customers can save hundreds of dollars."

Luxurbath not only provides quality workmanship; they will also provide customers with a complete, step-by-step overview of their job. By doing so, they have built a strong reputation and a large clientele of satisfied customers.

### SPECIAL OFFER

If you are considering renovation work, Luxurbath has a compelling reason to act now. For a limited time, Luxurbath will pay the PST and GST on any work booked before November 30, 2001 that commences in January, 2002. This incredible offer could mean hundreds of dollars in savings on your next project.

A new bathroom is an excellent way to increase the value of your home. It is also a small investment that may provide great returns when it's time to sell your home. From large renovations to small installations, Luxurbath has the credentials and the expertise to make your home renovation project a huge success. All work is guaranteed for six years and referrals are available upon request.

## Neece Electrolysis & Esthetics

Neece Electrolysis & Esthetics is helping people to look great and to feel even better about themselves. Whether it's the permanent removal of unwanted hair, or a new skin care regime, more and more women are turning to the expertise and professional services of Neece Electrolysis & Esthetics.

Owner and operator, Angela Martino, is a certified electrologist and esthetician, who for ten years, has provided her clientele with stunning results. In addition to specializing in the most advanced electrolysis techniques, Angela offers a wide range of esthetic services including waxing, facials, manicures and pedicures.

Pamper yourself with a spa manicure, complete with hand massage and exfoliating treatment. Or, relax and enjoy a facial massage and de-pore cleansing. Angela can also custom design the best skin care program that clients can then implement at home.

Neece Electrolysis & Esthetics has won a loyal following from clients who appreciate Angela's caring attitude and ability to make everyone feel comfortable and at home. The clean and professional premises are set up with separate rooms for privacy and the latest state-of-the-art equipment.

"Sanitation is very important to me," says Angela. "I've seen a lot of people who come to me after contracting infections from other

places. Sanitary practices are essential."

For those seeking electrolysis treatments, Angela provides a full consultation where she is happy to answer all questions. Neece Electrolysis & Esthetics uses Apilus technology that is a comfortable, proven method with faster results. Electrolysis can be performed on all facial areas as well as the entire body.

"The electrolysis procedure is very straight forward as well as safe and effective," says Angela. "It's still the most proven method for the permanent removal of unwanted hair."

Clients of Neece Electrolysis & Esthetics are thrilled with the results of their treatments and the added benefit of a boost in self-image. "My clients are extremely happy with the results and they walk away with much better self-esteem," says Angela. "I receive a lot of referrals from clients who go on to tell others about their successes."

Neece Electrolysis & Esthetics has two locations and has recently re-located to share premises with hair-salon, Port of Beauty. Now clients can take advantage of the complementary services provided by both businesses at one convenient location.

Visit Neece Electrolysis & Esthetics at #1 Stone Mason Drive, (16th Ave. west of Hwy 48), or call (905) 294-7253 or (905) 946-8803 to book an appointment.
