Markville Ford/McArthur Ford have been serving Markham/Unionville since 1973.

30 MORE TO CH

PROTECT YOUR

We all know, too well, the cost of motoring these days. With gas, insurance, licenses... Markville Ford Lincoln we know that customers are looking for ways to ensure "Peace of mind" cover Parts & Labor for costly mechanical breakdown repairs, but they also cover rental car costs to keep you on the road. As long as the factory warranty is intact, part of our commitment to customer satisfaction and as a special offer, we are providing you with a vehicle which still has factory warranty intact (within either 35 months or 59,000 km one year old with 20,000 km's; you can extend the warranty another 6yrs or 150,000 km). When you are on the road, whether close to home or many miles away, repairs can be made that's needed to authorize any repair shop to do repair work on your vehicle. NO
