

The 1,092-ways-better 2002 M-Class.

► **THE 2002 M-CLASS.** Yes, those little notes are a lot to read. (We had to leave hundreds of them off, too). So here's a summary: After making 1,092 refinements in every conceivable area to the 2002 Mercedes-Benz M-Class, we

believe that it's the one vehicle that you can ask more of, in terms of safety, engineering, luxury and performance, than of anything else.

► It's now the only SUV that offers standard, full-length Head Protection

Curtains, giving it an unprecedented 8 airbags offering 10-way protection. Its meticulously refurbished interior includes a new climate control system. And a thundering new 5.0-litre V8 model, the ML500, offers you soaring

fountains of torque and horsepower. ► So make a note to yourself: call us or drop in soon, and take a test drive of the completely redesigned 2002 Mercedes-Benz M-Class. We believe that it will exceed your every demand.

Just take the little sticky notes off first. **VALUE PRICED STARTING AT \$49,350***
