Edmunds Home Improvements now offers self-cleaning windows

Due to current advancements in technology, Edmunds is happy to offer a new "low cost" option to vinyl windows called "Simply Clean Glass".

The latest generation of vinyl replacement windows already have a reputation for ease of cleaning. Casements are hinged to allow access to the outside of the glass from the interior. Vertical and horizontal sliders tilt into the room, again allowing interior cleaning.

Now there is a new inexpensive option, which goes one step further. A smooth hydrophillic coating is added to the glass during the manufacturing process. This coating reduces the surface tension of the glass, which repels dirt and grime and prevents rainwater from beading. The resultant sheeting action washes away stubborn dirt and leaves the window clean and streak free upon drying. The result is a window, which maintains its clarity on a daily basis, requiring only an occasional

light rinse with a hose.

SPRING SPECIAL

As an introductory promotion, Edmunds is offering 'Simply Clean Glass' as a no charge on all windows ordered prior to April 30, 2002. As well an additional 5% discount is being offered on all product lines (roofing, windows and siding) until March 30th, 2002.

Established in 1947, Steve and Kathryn Gibson took over the Edmunds name in 1989, expanding the Markham based roofing business to also include soffits, fascia, eavestrough, vinyl siding, patio and entrance doors and replacement vinyl windows.

For further details or a free in home estimate on any of your roofing, window or siding needs, contact Steve or Kathryn today, at 905-472-0276.
