Fieldstone Windows Ltd.

With spring just around the corner, now is the time to start thinking about installing new windows and doors. If you happen to be in the market for either, consider the expertise offered by Fieldstone Windows Ltd, which specializes in custom work done to perfection!

Fieldstone Windows Ltd. is owned and operated by Ken Simpson, a trim carpenter by trade who has more than 15 years' experience in the construction business. Unlike many door and window companies, the owner provides the consultation and is on-site to do the installation himself. There are no salespeople who promise things that they cannot deliver and no subtrades that may not be around tomorrow.

"Many of the doors and windows I install are inserted into the existing window frame, leaving interior mouldings intact," says Ken, an alumni of the Ontario College of Art and member of the Greater Toronto Home Builders' Association. "An alternative method is to remove the entire window back to the rough opening. This also gives a very pleasing look."

By removing the entire window, customers are assured that the new window is sealed and insulated properly and that any old or rotting wood is removed. Larger glass area and upgraded mouldings are other added benefits.

Fieldstone Windows Ltd. specializes in professional residential window and door installations, and Mr. Simpson takes enormous pride in completing all work on-time and on budget. "Whether it's a vinyl window or a solid wood door, there is a range of qualities from high-end to poor," says Ken. "I make quality a number one priority with all customers, which has resulted in many repeat and referral customers."

Some window dealers and manufacturers are limited to a single product line and may persuade homeowners to buy something they don't want or need. Since Fieldstone Windows is not a manufacturer, it has the flexibility to offer a far greater range of products to suit the customers' style and budget.

"Windows are highly practical aspects of a home, but they serve another purpose as well," says Ken. "They are also design elements that can make or detract from a home's appearance. When choosing a window, it's important to not only select an efficient window, but one that complements the architecture as well."

Installing windows requires a high degree of skill and patience, and Fieldstone Windows takes the time to do it right the first time. The correct shimming, fastening, insulating and finishing trim all contribute to an excellent window renovation.

With spring just weeks away, now is the perfect time to start planning a door or window installation. Call Ken Simpson at Fieldstone Windows Ltd. today for a competitive quote on your next project.

Cruise into spring at Sandy's Auto Service

Cold weather puts a lot of added stress on cars and trucks, which can lead to poor fuel economy and extra wear and tear on your vehicle. To help identify problem areas, and to prepare your vehicle for warmer weather, Sandy's Auto Service offers a range of service specials to most makes and models.

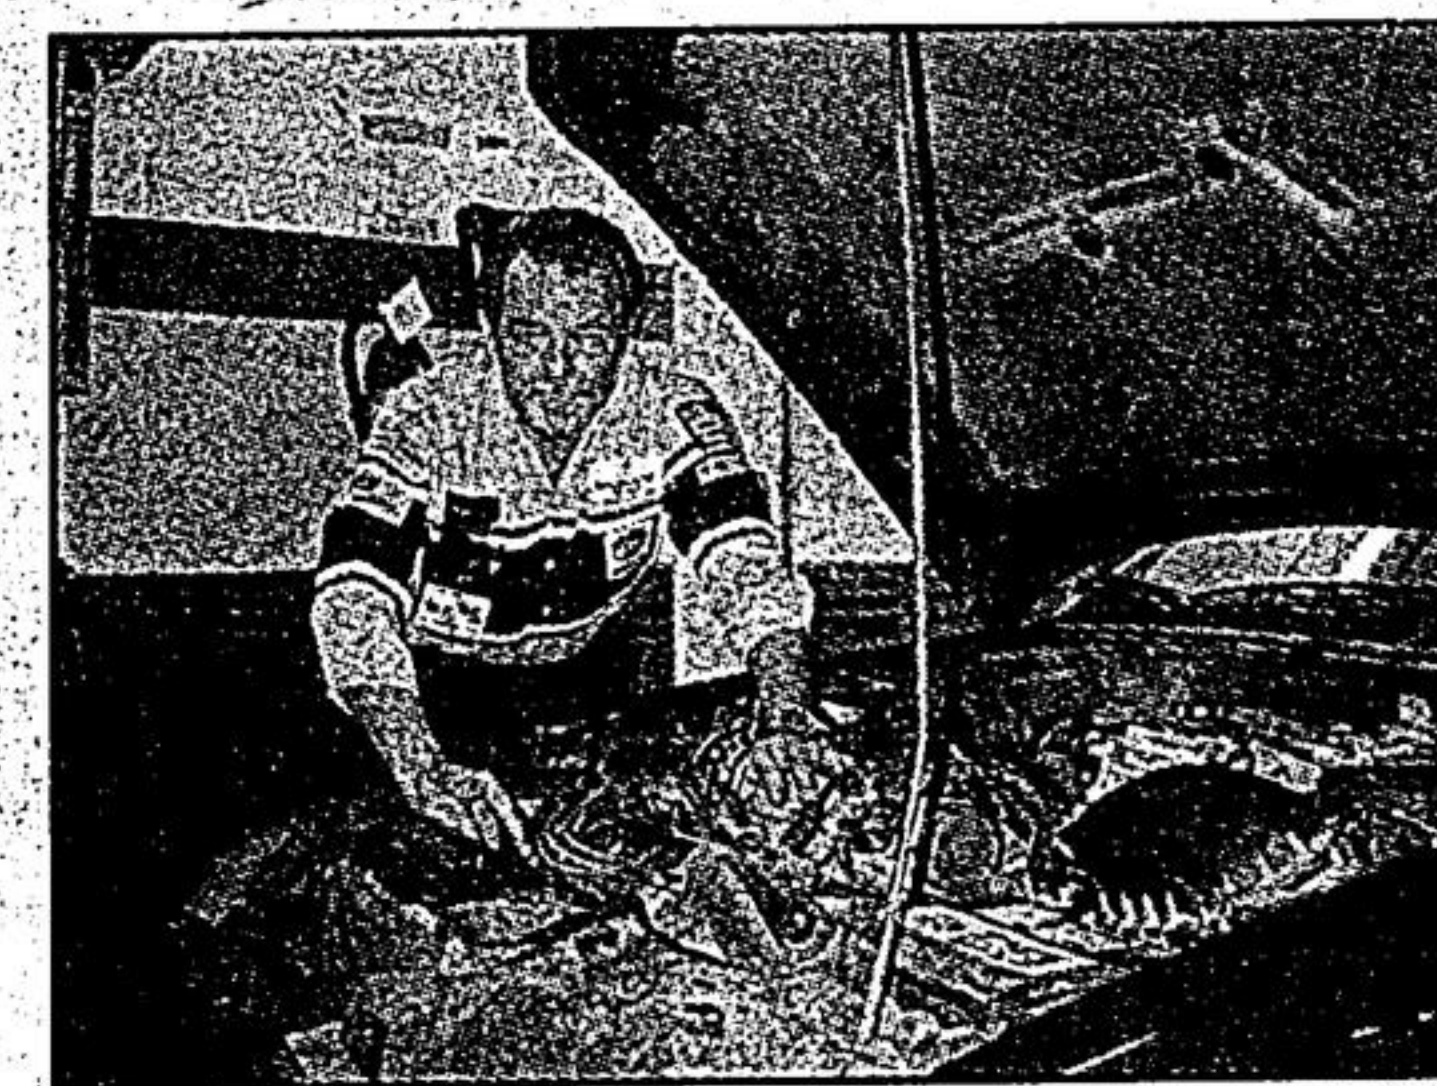

Vehicle inspections, air conditioning service, coolant flush, tire rotation, emission testing, brake inspection -- these are some of the spring specials offered by Sandy's Auto Service this spring.

The company specializes in anti-lock brake service and diagnosis, fuel injection flush and repair, tune-ups and diagnosis, air-conditioning, engines, clutches and differentials, transmissions, coolant systems, alignments, shocks and more. It is also an Ontario Motor Vehicle Inspection station and can certify vehicles on site.

Sandy's Auto Service is also Markham's first accredited emission test and repair facility. All tests are by appointment for your convenience, and you can be in and out in 20-30 minutes.

At Sandy's Auto Service, the man you speak to about your repairs is the man who performs the repairs. A 37-year-veteran in the automotive business, Sandy has the expertise and the product knowledge to fix or repair your vehicle right the first time.

"I'll tell you whether your vehicle does or doesn't need fixing," says Sandy. "I'll tell you if you need to take it to a dealership for warranty work. I'll ask you before I go ahead with any work. Honesty, fairness and respect for the

customer are the foundations of our business." Vehicles are becoming more sophisticated every year. "That's why we upgrade our technical skills and product knowledge constantly," says Sandy, an ASE (Automotive Service Excellence)-Certified Technician who is affectionately known as The Doctor.

For major repairs, Sandy's also provides a new car for added convenience.

To ensure that your vehicle operates at its best this spring, call Sandy's Auto Service to arrange an appointment. They're open Monday to Friday (8 A.M. - 6 P.M.); and closed Saturday and Sunday for family time. Watch for Sandy's regular weekly specials in the Focus on Business section.

Sandy's Auto Service is located at 176 Bullock Drive, Unit 8, in Markham. They can be reached at (905) 294-3868.
