Edmunds Home Improvements specializes in roofing, windows and siding

If your roof is 15 years old or more, it will be nearing the time for replacement. Edmunds has been providing free estimates and roof assessments in the community for 55 years.

A lot of interior expense can be avoided by dealing with a roof before it starts to leak. If you do require a new roof, Steve Gibson, co-owner of Edmunds Home Improvements recommends a local manufacturer, CRC, which offers a wide range of asphalt shingles designed specifically for the Canadian climate.

"Asphalt shingles come in a wide variety of colours and architectural styles, with warranties ranging from 20 to 50 years," says Steve.

Steve and Kathryn Gibson took over the business in 1989. During the past 13 years, they have expanded Edmunds Home Improvements to include eavestrough, siding, vinyl windows and entrance doors. Steve has over 23 years experience in the roofing and construction business and handles most of the in-home estimates personally. Kathryn works in the office, answering phones, scheduling appointments and dealing with the day-to-day administration of the company.

The company's longevity in the Markham area has meant a lot of repeat business. "We have such deep roots in the community that we are replacing second or third roofs for the same family," says Kathryn.

What should customers look for when contemplating a new roof? According to Steve, customers should take about 20 minutes to meet with an experienced estimator to learn what products and services are available. A roof is not simply a roof. There are many short cuts and inferior products that can lead to a mediocre job.

If you are in the market for new windows, choosing the right window is only half the battle. A poorly installed window will often bind, function poorly or fail altogether.

Steve gives credit where credit is due. His experienced installers take pride in their work and are essential to the successful completion of any Edmunds project, and the high customer satisfaction ratings that the company enjoys.

For further details, or a free estimate on any of your roofing, window or siding needs, contact Steve or Kathryn today at (905)-472-0276.
