

IT'S ALL PART OF THE FUN

COVER: Photographer Mike Barrett captures the passion of the sport as Phil Van der Burgt and Tom Offen, followed closely by Argentinian player Marco Bignoli, practise in Gormley for the 23rd annual Polo for Heart next weekend.

DogSmart Performing Dog Team

The DogSmart Performing Dog Team and their owners will delight and amuse with their antics. Most are involved in competitions, such as obedience, agility and flyball, and all are much-loved family pets. They show off their skills in a fast-paced, energetic show choreographed to music.

These dogs love attention, so when they perform for an audience, they often add their own bit of style and sometimes ham it up, which keeps their owners humble and the crowd laughing.

When they are not busy showing, racing or competing, the dogs (and some of their owners) can be found lazing on the couch and playing fetch with the kids.

There are all kinds and sizes of dogs, from tiny Jack Russell Terriers, miniature poodles and Shetland sheepdogs, to Labradors and rottweilers.

The DogSmart Performing Dog Team will play to the crowds Friday, Saturday and Sunday.

Go Fly a Kite

The Toronto Kitefliers are known around the world as one of the key kite-making clubs and many of the members pride themselves on their "homemade" creations, which have appeared at demonstration tours around the world.

A group of kiting enthusiasts, ranging in age and levels of experience, the Toronto Kitefliers have been promoting kiting and safe kite flying in the southern Ontario region since the early 1970s.

Rainbow Skydivers

Is it a bird? Is it a plane? No, it's the Rainbow Skydivers. Six fearless skydivers with brightly coloured parachutes perform acrobatic feats en route to a graceful landing on the
