Carpets, for Acura to Volvo

With more than 1,500 molds and templates, Auto Custom Carpets is one of the biggest aftermarket suppliers of original-style carpets and mats in the world. The company's extensive inventory begins with cars from the early 1950s (when carpets became common) right up to rugs for present-day rides. ACC also makes sure that the colours of its

reproductions match those of the originals. Of course, you can get a number of custom colours (check out the Chrome Yellow), just in case you're building something a little out of the ordinary. All carpets come with felt backing to keep the sound down and the pile up. Each kit is designed with the do-it-yourselfer in mind, and comes with instructions to yield professional results. Prices start at about US \$130 and work their way up from there. For a better look and information call 1-800-352-8216 or visit www.accmats.com.
