WE'RE PEACHY KEEN ON DESSERT!

A couple of weeks ago Jaana and her crew did a sour cherry event in our bakery. This week it's the turn for the venerable Niagara Peach. We buy our peaches from two different growers, Bob Hunter and John Murre, two great guys and great growers. We hope that you like what we've done this week.

SMOKED DUCKS ANYONE?

We've made some smoked ducks this week, if you feel adventuresome. They're trimmed, cured and then slow smoked over oak.

PILE 'O BONES

This week we have a limited supply of our Prime Rib Bones which have been marinated in our homemade teriyaki sauce. We oven-roast them during the winter months and B.B.Q. them during the summer.

Really Delicious!

MUSKOKA ORGANIC LETTUCE

From the Muskoka Farm we'll have lettuce: Red & Green Oakleaf, Red Butterhead, Red & Green Romaine, Green Onions as usual plus some Zucchini and some sweet little Cherry tomatoes. Delicious stuff!

IT HAS ARRIVED

Our latest shipment of the Silver Palate products has arrived. If you've been waiting very patiently for a particular item or two - the wait is over!

SHIITAKE MUSHROOMS

There are a few grades of these mushrooms available. We try to buy the premium larger size because the heads are bigger - and that's a good thing because they're the most flavourful part. A great way to prepare them is to cut the stem out (so the mushroom head will have a hole in it like a bagel) and season them with oil, balsamic vinegar, salt and pepper, a herb or two of your choice, and garlic to taste. Let them sit for an hour or two and then Bar-B-Que them and serve along with your meal.

They're great.

CHOCOLATE BANANA BREAD

Help us out folks! We've got an excess of ripe bananas, which happen to be just right for this chocolate banana bread!

CRENSHAW MELONS!

My first introduction to Crenshaw Melons was back in the late 70's when I worked for Loblaw's and ran the "Ziggy's" store which was located downstairs from the head office. To say that the Brass dabbled in the operation of the store would be an understatement - and when a couple skid lots of these melons arrived one day, unannounced, we inquired as to their origin - it was none other than David Nichol who thought that these were the best melons in the world and our store should be selling lots of them - and we did! At the time, Dave's suggestion was to squeeze a bit of fresh lemon over the cut face and just dig in.
