# Richmond Hill Montessori & Elementary Private School

R.H.M.S. is well known for a positive environment and high academic achievements. Since 1986

*Like the crisscrossing of Yonge and Major Mackenzie, Richmond Hill Montessori and Elementary Private School touches history and the future at virtually every turn.*

Tour the school's aesthetically pleasing, ultra-modern facilities settled in the lush rose capital of Canada just across from the largest optical telescope in Canada at the David Dunlap Observatory. As we enter further into the twenty-first century, Richmond Hill Montessori and Elementary Private School is committed to preserving and promoting the quest for knowledge as more than simply a practical pursuit. We are a caring community of educators dedicated to enabling each student to develop his/her full intellectual, creative and physical potential while at the same time foster passion for learning. Through our broad range of innovative, multidisciplinary programmes, we encourage students' natural inquisitive nature and provide them with the tools necessary to meet challenges.
