Salon Massimo made me look 'gorgeous'

"My husband said I looked amazing," exclaimed Bev Sotropa of Markham following her New You Makeover at the impressive Salon Massimo.

"My husband thought I was beautiful. I was surprised. He said I looked amazing and he took me out to dinner, which wasn't in the plans, so that was a surprise. We don't usually do that in the middle of the week," Bev reported.

Owner/Hairstylist Angie Ursomarzo of Salon Massimo is "an all-round great person. I'm absolutely thrilled. She gave me exactly what I wanted. She makes you feel comfortable as you sit in the chair," Bev added.

Bev has never had a makeover before and wasn't nervous about it because her experience was "super, all-round. I highly recommend these makeovers. They are a lot of fun and I recommend Angie. I would definitely go back and see her again," exclaimed Bev.

Angie also had compliments for

Bev. "She was really sweet to work with."

Angie noted that Bev is busy at home with three children and she stays with low maintenance cuts. Due to the fact that having such a hot summer takes such a toll on one's colour, we brought her natural hair colour back removing all brassy tones.

"We wanted something soft but fun at the same time," noted Angie.

"The tones we used went along with her natural skin tones, but still added a little bit of fun to it. We brought in some bolder copper and soft blondes to bring out her eyes and facial features."

Salon Massimo uses Schwarzkopf colour products and "the company has some wonderful colours we were able to implement," explained Angie.

Angie also used K.M.S. styling products to bring out the natural body her hair has. The products used were Grit as well as Paste.

"It'll enable her to get her hair to do what she wants it to with minimal effort making it a low maintenance
