 Free In-Home Estimates

## Edmunds Home Improvements Specializing in roofing, windows and siding

If your roof is 15 years old or more, it will be nearing the time for replacement. Edmunds has been providing free estimates and roof assessments in the community for 50 years.

A lot of interior expense can be avoided by dealing with a roof before it starts to leak. If you do require a new roof, Steve Gibson, co-owner of Edmunds Home Improvements recommends a local manufacturer, CRC, which offers a wide range of asphalt shingles designed specifically for the Canadian climate.

"Asphalt shingles come in a wide variety of colours and architectural styles, with warranties generally ranging from 20-30 years," says Steve.

There is still plenty of time to book your appointment to replace your roof before winter. If you prefer, Edmunds will assess the current condition of your roof and provide a free written estimate with pricing guaranteed until April 30, 2003.

Whether it's roofing, windows or any other home maintenance requirements, Edmunds Home Improvements takes a lot of pride in providing excellent workmanship and reliable service.

Steve and Kathryn Gibson took over the business in 1989. During the past 13 years, Steve and Kathryn have expanded Edmunds Home Improvements to include soffits, fascia, eavestroughs, vinyl siding, replacement vinyl windows, as well as entrance and patio doors.

"We take a great deal of pride in the quality of our work," says Kathryn. "We have a full-trained staff that works on homes in all price ranges, and we always work to budget." The company has been in business so long that it has replaced second and third roofs for the same family.

Steve has over 23 years experience in the roofing and construction business. He performs many of the in-home estimates himself. Kathryn works at the company's head office and showroom, answering phones, scheduling appointments and dealing with the day-to-day administration of the company.

If your windows are old and inefficient, you may consider replacing them. In recent years, many of Steve's customers have discovered the benefits of installing energy-efficient (low e and argon) windows. Vinyl windows are available in a variety of colours and can be quickly installed by our qualified installers.

You can view and operate the windows, as well as doors, at Edmunds new showroom, located at 166 Bullock Drive, Unit 1, in Markham.

For further details, or a free estimate on any of your roofing, window or siding needs, contact Steve or Kathryn today, at

(905) 472-0276.

Or visit our showroom at 166 Bullock Drive, Unit 1, Markham.

## Markham Furniture introduces a new line of sofas at affordable prices

Markham Furniture recently introduced a new line of quality sofas that can be manufactured to a customer's exact requirements. These new sofas, priced 30 - 40 percent less than comparable sofas on the market, are constructed using the same quality materials and craftsmanship that have become synonymous with Markham Furniture.

"We decided to create this new line of sofas because of strong customer demand," says Bill Rizk, owner of Markham Furniture. "Customers wanted custom-built sofas that are stylish, durable and affordable, and we are pleased to offer them."

The new sofas are built right on the premises and are sold directly to the public at factory prices. They come with a lifetime warranty on frames and springs. With the holiday season nearing, now is the perfect time to order a custom sofa for the home, the cottage, or as a gift.

### NEW RECLINING CHAIR

The new line of sofas follow on the heels of a new reclining chair that Markham Furniture

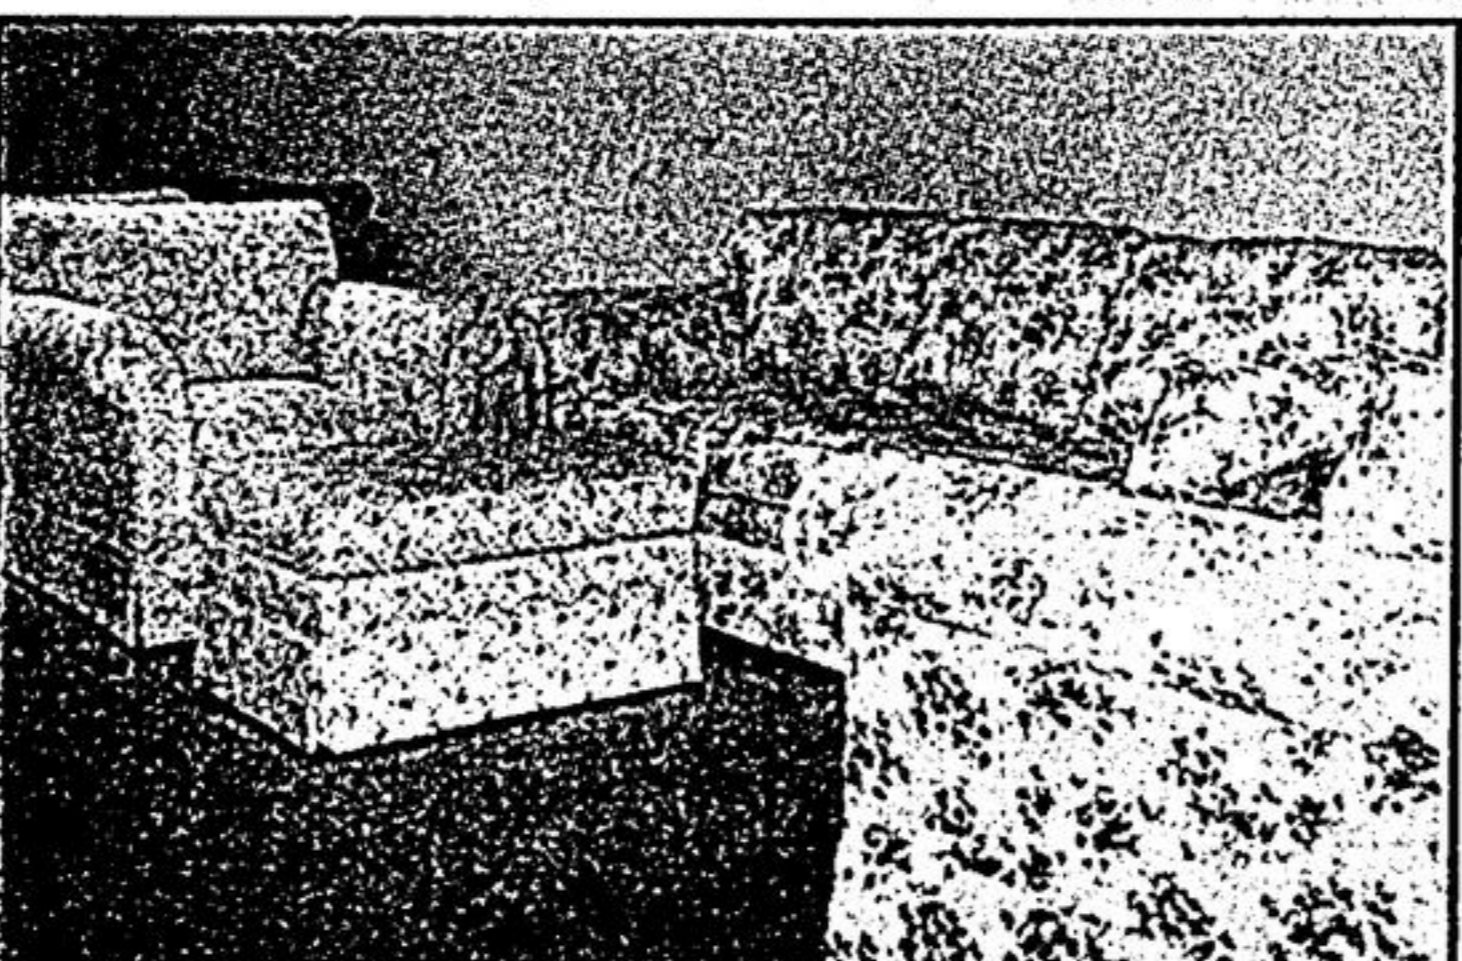

introduced in July. The reclining chair is a high, double back chair with three seating positions that can be used either to watch a favourite TV show or to snooze in after a long day. You can cover this chair with a carefree, premium quality leather or an attractive piece of long-lasting fabric.

### LEATHER SOFAS

Markham Furniture also builds and sells quality leather sofas at well below retail prices. They use top grain Italian leather, hardwood frames and quality springs in every sofa or chair.

Since 1998, Markham Furniture has manufactured custom sofas and chairs of exceptional quality and design. Each piece of furniture is handcrafted on the premises to suit an individual's needs and tastes. Many choices of seating firmness (soft, medium or firm) are available, as well as deluxe, down and feather.

Markham Furniture is the proud recipient of the Economist & Sun's 2001 Readers' Choice Award for Best Furniture Manufacturer in Markham.

Markham Furniture is owned and operated by Bill Rizk, former Barrymore Furniture Plant Manager.

### THE BEST REUPHOLSTERY SERVICE IN TOWN

In addition to offering brand new sofas, Markham Furniture provides expert reupholstering services for a wide range of furniture, for less than the cost of buying new.

Recliners, dining chairs or tub chairs are restored to their original beauty and design. For details, visit

Markham Furniture at  
 1020 Denison St., Unit 115  
 (one block west of Warden Ave.),  
 or call (905) 947-9575.
