Deceased was local resident

A man found dead in a Vandorf driveway last month was a 29-year-old Whitchurch-Stouffville resident, police say.

But at the family's request, police will not release the man's identity.

The body was found by a worker arriving at 14699 McCowan Road, north of Vandorf Road, on Friday, Sept. 20 about 10:15 a.m.

The worker called police and officers spent more than two hours combing the scene to determine if the man was murdered before homicide detectives confirmed they did not suspect foul play.

Const. Steve Morrell said an autopsy has been performed but no anatomical cause of death was found.

Toxicology tests are now being conducted in a bid to determine a cause of death but the results could take months, he said.

"We are not treating this as a suspicious death," he added.

Pot bust No. 133

In the 133rd pot lab bust this year, York Regional Police raided a Featherstone Avenue home in Markham Tuesday.

No one was in the house during the afternoon bust, in which police seized 239 marijuana plants worth about \$240,000 on the street.

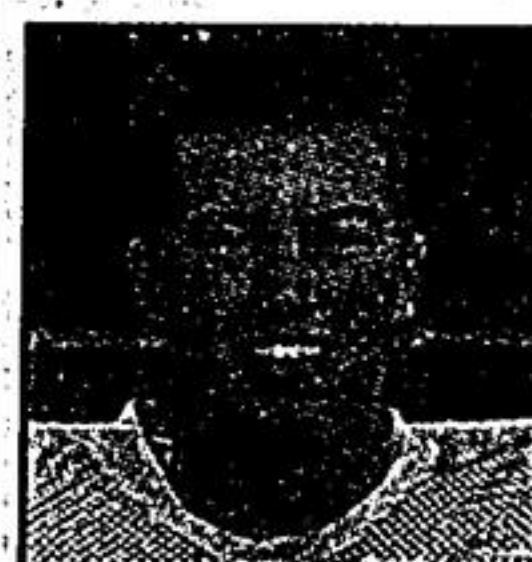

Officers were alerted by Markham Hydro which monitors excessive energy use.

The investigation is continuing.
