

## Markham resident helps young entrepreneurs

Markham resident Natalie Chinsam is putting her business skills to work organizing a entrepreneurial forum for young people.

Ms Chinsam, a graduate of Markham's Brother Andre Catholic High School, has designed the Oct. 28 event — called Yes Youth Can — to help people aged 18-34 create their own businesses.

Ms Chinsam is chairing the forum,

introducing guest speakers — Jamie Hurlbut from the Canadian Youth Business Foundation, Dana Grant of Sonic Boomerang and Luanga Nuwame of Azique Toys, among others — and workshop facilitators.

The forum is at Windows Restaurant in SkyDome (at the corner of Front and Peter streets in downtown Toronto.) For more information call 416-858-2409 or e-mail nchinsam@humanitylink.org.

## Earn Higher Income. Save more on income taxes and estate fees.

The Insured Annuity is a tremendous strategy that offers a low-risk alternative to GICs. It provides a guaranteed lifetime rate of return that can be anywhere from **7 to 10%**.

Typically, the maximum benefit can be achieved if you are between the ages of 60 and 85, and have at least \$100,000 of non-registered investment capital that is not being used for ongoing living expenses or other obligations. In addition, you should be in reasonably good health.

### AFTER-TAX INCOME COMPARISON

Insured Annuity*		GIC @ 5%*
\$125,000	Capital Invested	\$125,000
\$11,256	Annual Cash Flow	\$6,250
\$3,481	Amount Taxable	\$6,250
\$1,392	Tax Payable	\$2,500
\$4,355	Insurance Costs	N/A
\$5,509	After-Tax Income	\$3,750

In the example above, the Insured Annuity reduces taxable income by \$2,769 per year, reduces tax payable by \$1,108 and furthermore increases after-tax income by \$1,759 or by 46.91% per year.

In order to achieve the same after-tax income, this individual would have to find a GIC that yields approximately 7.35% over their lifetime.

Returns will differ depending on age, sex, tax bracket, health, smoking status and prevailing interest rates.  
\*As of October 3, 2002 based on a 70 year-old female non-smoker with a 40% marginal tax rate.
