Homeowner escapes Christmas Eve blaze

By Joan Ransberry
Stouffville Sun

The investigation into a \$350,000 fire at a Kennedy Road home on Christmas Eve continues.

"We do know the cause of fire is not of a suspicious nature but we haven't pin-pointed the exact cause yet," said Whitchurch-Stouffville Deputy Fire Chief Tim Beckett.

Officials from the fire department as well as investigators from insurance companies are inspecting the ruins of the large home

located on Kennedy Road near Davis Drive in northern Whitchurch-Stouffville.

The one person in the home managed to escape unharmed, said the deputy fire chief. The homeowner is staying with her daughter who lives in a second house on the large property.

Firefighters responded to the fire at 11 p.m. Christmas Eve and remained on the scene until 4:30 a.m. Christmas day. "Our firefighters got home just in time for the kids to get up to open their gifts from Santa," said Deputy Chief

Beckett.

While the blaze was contained to the living room of the 4,000-square-foot bungalow, the heat and smoke damage was extensive throughout.

"The heat was so intense, it melted plastic material from one end of the house to the other," said Deputy Chief Beckett.

Although the Christmas tree, located in the living room, did not cause the blaze, it contributed to the intensity of the fire. "It was a real tree and it burned, adding to the fire," said the deputy fire chief.
